

Testimonies from Las Vegas, NV Family Church's Divine Principle / Bible Class

Andrew Compton

It was my fourth time joining the DP/Bible study, and it has been wonderful to receive the teachings from Rev. Compton. The discussions at the beginning are very thought-provoking which allowed me to have a deeper understanding of the Principle. Especially when we discussed about the law of indemnity, and I learned that it's built into God's Principles not as a result of the Fall as I thought before joining the class. What a big difference a proper perspective can make! As for the DP study, we read about the first course of Jesus. While Rev. Compton shared about what happened and the key points we can take away, I felt the lessons of humility and unity with my Abel was something I needed to hear at that moment.

Truthfully, I'm going through some struggles in my life of faith and last night helped provide God's perspective for me on how to move forward from here. I was left feeling refreshed and spiritually uplifted after the study. I always am left feeling that all that I learned, I can apply them to my life and feel more confident in sharing and teaching the Principle to others. -K. Neuhaus-

I went to do bible study with the intent to find out if it was appropriate for guest to attend. Even though it is not a place for new guests, I was able to learn a lot that can be applied in caring for my guest, especially because he is a bible lover. Since he holds traditional Christian beliefs, Reverend Compton's explanation helped me to understand better how to guild Christians. -M. Fuller-
