

## HARP Seminar for Seong Hwa students in Lithuania

*Jack Corley - Vilnius, November 4, 2014*

Every year Lithuania FFWPU holds three or four seminars for Seong Hwa students – Second Gen kids of 8-14 years old. Usually, in the end of autumn school vacations children gather together but unfortunately this time many of kids got sick and could not participate in the seminar. Finally 6 children attended. This time we focused on the spiritual training for kids of middle group age. The theme of the seminar was “Let’s Inherit True Parent’s heart!” Elder Second Gen children who attended GTGY in Korea shared with their younger brothers and sisters many experiences with True Parents. Practice of Mu Jo Geon dance was the most existing part for each participant.
