On July 12, 2026, FFWPU Dominican Republic hosted a powerful HJ CheonBo Special Seminar at its headquarters in Santo Domingo. Dedicated to the liberation and blessing of ancestors and central spirits, the event brought together 96 participants for a day of deep spiritual unity and grace.

Opening Ceremony and Main Address

The seminar commenced with a prayer of gratitude led by church leaders and the Chanyan team. Hearts were united to invite Heavenly Parent's presence, establish an optimal spiritual atmosphere, and seek divine guidance for the liberation of ancestors.

Following the opening prayer, the formal ceremony began as participants sang the holy songs of Cheon Shin Won in unison, filling the room with high spiritual energy. Rev. Bernardo Cruz, Director of Subregion 5, warmly welcomed the congregation, paving the way for the keynote address by Rev. Kim Seon Nan, Director of the Heavenly Latin America Cheon Shin Won branch.

In his message, Rev. Kim emphasized the profound providential significance of ancestral liberation, the liberation of central spirits, and the path to becoming CheonBo families. His words deeply moved the congregation, inspiring a renewed commitment to their spiritual journeys. Immediately following the message, participants offered their Wish Papers, laying their innermost hopes and petitions before Heaven.

Chanyan Yoksa and Ancestral Blessing

The afternoon featured an intense, transformative one-hour Chanyan Yoksa session focused entirely on ancestor liberation. At its conclusion, the congregation offered a unison prayer for their newly liberated ancestors, praying that they would quickly understand the providence of restoration and work in harmony with the physical world.

After a brief lunch break, the seminar reached its climax with the Ancestral Blessing Ceremony. Surrounded by an atmosphere of reverence and filial heart, families extended the grace of the Blessing to their ancestors, building an enduring bridge of love and eternal salvation between Heaven and Earth.

A Renewed Foundation of Faith

The 2026 HJ CheonBo Special Seminar was a profoundly moving experience. It offered participants a meaningful way to honor their lineage through prayer and devotion, while revitalizing their commitment to spiritual growth and the providence of restoration.
