FFWPU USA's 2026 National Ocean Challenge Program held in Kodiak, Alaska

Ken Doo
July 21, 2026

The 2026 National Ocean Challenge Program was held in Kodiak, Alaska, from June 28 to July 21 (HC 5.14–6.8).

The 28 participants learned boating and fishing skills in the waters off Kodiak, where True Parents had fished in years past, and also took part in hiking and environmental cleanup activities.

Through firsthand experiences in nature and efforts to care for the environment, participants developed teamwork and a greater sense of responsibility toward the natural world.
