

## Miracle at the UPS Store and the Power of a Church Flyer

Ken Doo  
May 18, 2016

Mrs. Kuzuko Walton truly believes in the power of distributing church invitations and does so often.

Last week, Mrs. Walton went to her local UPS shop to make copies of a Flyer for the August 19 Blessing. After paying for the copies, she handed a flyer to the young salesman and explained briefly about the event. He became very excited and asked her if he and his girlfriend could learn more, Mrs. Walton was so surprised and happy, she knew spirit world was working!

Sure enough, he and his girlfriend attended the Thursday evening program last week and brought along another couple! Besides that, he drove Kazuko to and from the event.

On Monday, Kazuko visited him at the store to give him two copies of True Father's Biography for him and to give to his girlfriend. Guess what? He told her that one year ago someone-- who he never met-- placed a copy of the same book at his doorstep. But, he hadn't read it. As Kazuko says, "Heavenly Father planted a seed for this young man one year ago by one of our members. It is important to give out the church invitations because we do not know how God is working."

This experience reminded Kazuko of how it was that she had originally met the church. As a graduate student in Japan, she came across a church Invitation Flyer posted on a bulletin board. On her own, she visited our church center, listened to the lectures and soon after, joined our church; no one personally witnessed to her. As the Church flyer brought Kazuko to the church, receiving True Father's Autobiography made the condition for this young man and his friends to meet Kazuko and come to the Divine Principle Introduction.

The couple told Mrs. Walton that they will read the book now and will attend the up-coming June 5th picnic. By this testimony we can see that God is working. And, that our sincerity and care-- like Mrs. Walton extended to this couple--will help God bring others like them to the Blessing and beyond. Let's all keep reaching out to help God and Our True Parents build Cheon Il Guk!

Congratulations Mrs. Walton!
