

## Half-Day Spanish Divine Principle Workshop at Cheon Hwa Gung

Ken Doo  
January 27, 2018

Following True Mother's guidance on January 5th, 2018 at Cheon Jeong Gung to become victorious Heavenly Tribal Messiahs by teaching the truth with love, Rev. Ken Doo, District Pastor of Las Vegas, decided to begin the year with a series of Divine Principle workshops and lectures at Cheon Hwa Gung Church for our Spanish-speaking contacts. The first half a day workshop took place on January 27th with 17 participants from various countries in Latin America.

The Divine Principle workshop was taught by Rev. de Sena, National Director of the Latino Ministry Development, who began the lectures with an overview of the Divine Principle explaining that even though it is true that all human beings want to experience true happiness in their lives, in order to achieve it we must first understand and practice God's Truth, God's Law, God's Principle. The lectures also included explanation of the Fall, Restoration and how God could not have True Parents at the beginning of time with Adam and Eve, so the true hope for God and humankind is the establishment of True Parents.

All participants were very inspired and very grateful for the workshop and looking forward to attend the next Spanish 7 Day Divine Principle workshop at IPEC in May 2018. Among them, Lili expressed how inspired she was to be able to understand her real purpose for her life and the Three Great Blessings. Adrián commented that we are usually focused on creating external wealth, but through the Divine Principle he realized this is the only church that teaches the significance of prepare for our eternal life. Juana shared that she was not only inspired to listen to the Divine Principle again, but most of all how she felt moved to see her own guest so enthusiastic clearly understanding God's Ideal of Creation. Baltasar said he was very impacted by the Fall, feeling that due to it we all became sick both internally and externally, in much need of the medicine, the Divine Principle. Finally, Jaqueline realized as never before that there is eternal life, so she has to be careful the way we act because that will decide where she will go in the spirit world.

It was a great way to begin the first month of this 2018 by following True Mother's guidance to share the truth with love!
