Activity Report: Family Enrichment Seminar

"Exploring Healthy Types of Love Relationships"

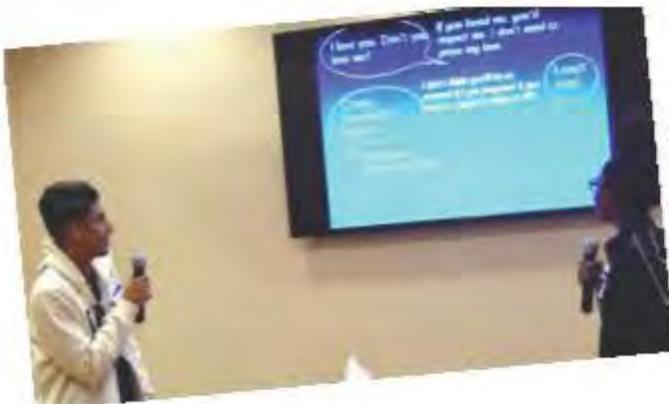

Mr. Dieu Nkwethat, keynote speaker

On Friday, February 9th, 113 parents and youth gathered for an evening of learning the aspects of raising children with love and each person's role in creating healthy, loving relationships within the family and beyond.

FEEF President Mimi Morse emphasizing how important parent-child connectedness is through constant communication based on love, teaching them the right way of life by their examples.

Rev. Ken Doo praying for blessing for the gathering & the evening's meal.

There was such a warm and happy atmosphere that after having a delicious dinner, the parents and children enjoyed the evening together by singing songs and taking photos after a fun Bingo game led by Mrs. Hildanies Colon-Feliciano.
