November 28, 2018

On Wednesday evening, November 28, 2018, eight Tribal Messiahs in the Las Vegas Community met for their weekly 430 Club meeting. Rev. Doo, began the meet with a prayer. The members then watched the weekly testimony from Tribe net.

This time, Dr. Kim and Mr. Tom McDevitt shared inspiring testimonies of their time with True Mother in the recent events in New York, Zimbabwe and South Africa. At the meeting in South Africa with top political and religious leaders, Tom McDevitt claimed that True Mother's speech was "one of the best that she's ever given."

Following the testimonies, the members discussed a future plan to bless couples at a flea market on December 22. Then there was open discussion with questions and answers about topics including True Mother's 2020 activities, and Tribal Messiahship activities.

Rev. Doo encouraged the members to stay focused on the heart behind blessing couples by reminding them that God will work through even conditional offerings.
