

Las Vegas, NV Family Church first Shine City Project cleanup of the New Year

Ken Doo
January 5, 2019

On January 5, 2019, for the first cleanup of the New Year, Shine City Project helped to clean up a dirt lot at Maryland Parkway and Silverado Ranch Boulevard.

With the temperature around 40°F, our courageous volunteers braved the cold for one hour as we filled our bags with litter in the area.

The cleanup location was recommended by our volunteer, Anthony, who often walks past the dirt lot to and from home.

With our group of seven volunteers, even though we collected about 17 bags of trash, we were only able to cover a small area of the lot.

We will return again to this area to make it shine!
