On May 25, 2019, Shine City Project organized a cleanup at the corner of Tropicana Avenue and Wynn Road!

Since our first cleanup at this intersection of Las Vegas in May 2013, this area has been a popular location for our Shine City Project cleanups.

Waking up early, our team of six volunteers met at the nearby Healthcare Partners.

We had one new family join our group for the first time—Nathan and his two sons!

Even though our team was small, we were still able to make a big difference in the area.

We picked up many items, but plastic packaging was the most common.

In the end, we were able to fill 10 trash bags!

According to the popular saying, no act of kindness, no matter how small, is ever wasted!
