Las Vegas Family Federation for a Heavenly Community

Newsletter Issue No. 860

Welcome to LVFC HD Newsletter!

**\* Daily TPs' Hoon Dok Words \***

Considering the beautiful environment Heaven has given us, and based on our past experience, our Family Federation from Korea must help these nations so they can use resources well, so that they do not pollute the environment. We should be active in educating them one by one to bring these countries to enjoy a high standard of living. Through diverse initiatives such as sister-brotherhood marriages, the New Village Movement, and the New Heart Movement, I sincerely hope that the blessed families of Korea, and particularly those of FFWPU-Japan, can contribute to helping the people who have received the Blessing in these nations to form healthy families that fulfill their responsibilities. Then let us show the world that countries united with True Parents can become first-class nations that are healthy and thriving. How hard Heaven has worked and sacrificed to see this day!.....

Hello Ambassadors for Peace and UPF members and supporters!

It has been two short months since "Peace Starts with Me" was launched in Las Vegas. I trust that you have all been working in your families and communities to promote the ideal of peace. We know that true peace is simple to understand, yet difficult to actualize. We need to encourage one another to fulfill our responsibilities, no matter how great or how humble.

Please come to our gathering on Saturday, September 21st to connect, to encourage one another and to network.

Space is limited, so please sign up [here](#) as soon as you can. I look forward to seeing you, sharing the Peace Principles, welcoming our speakers and hearing your voice in the conversation. Many Blessings!

God Bless You!
