PUBLIC SERVICE WITH COMMITTMENT OF HEART

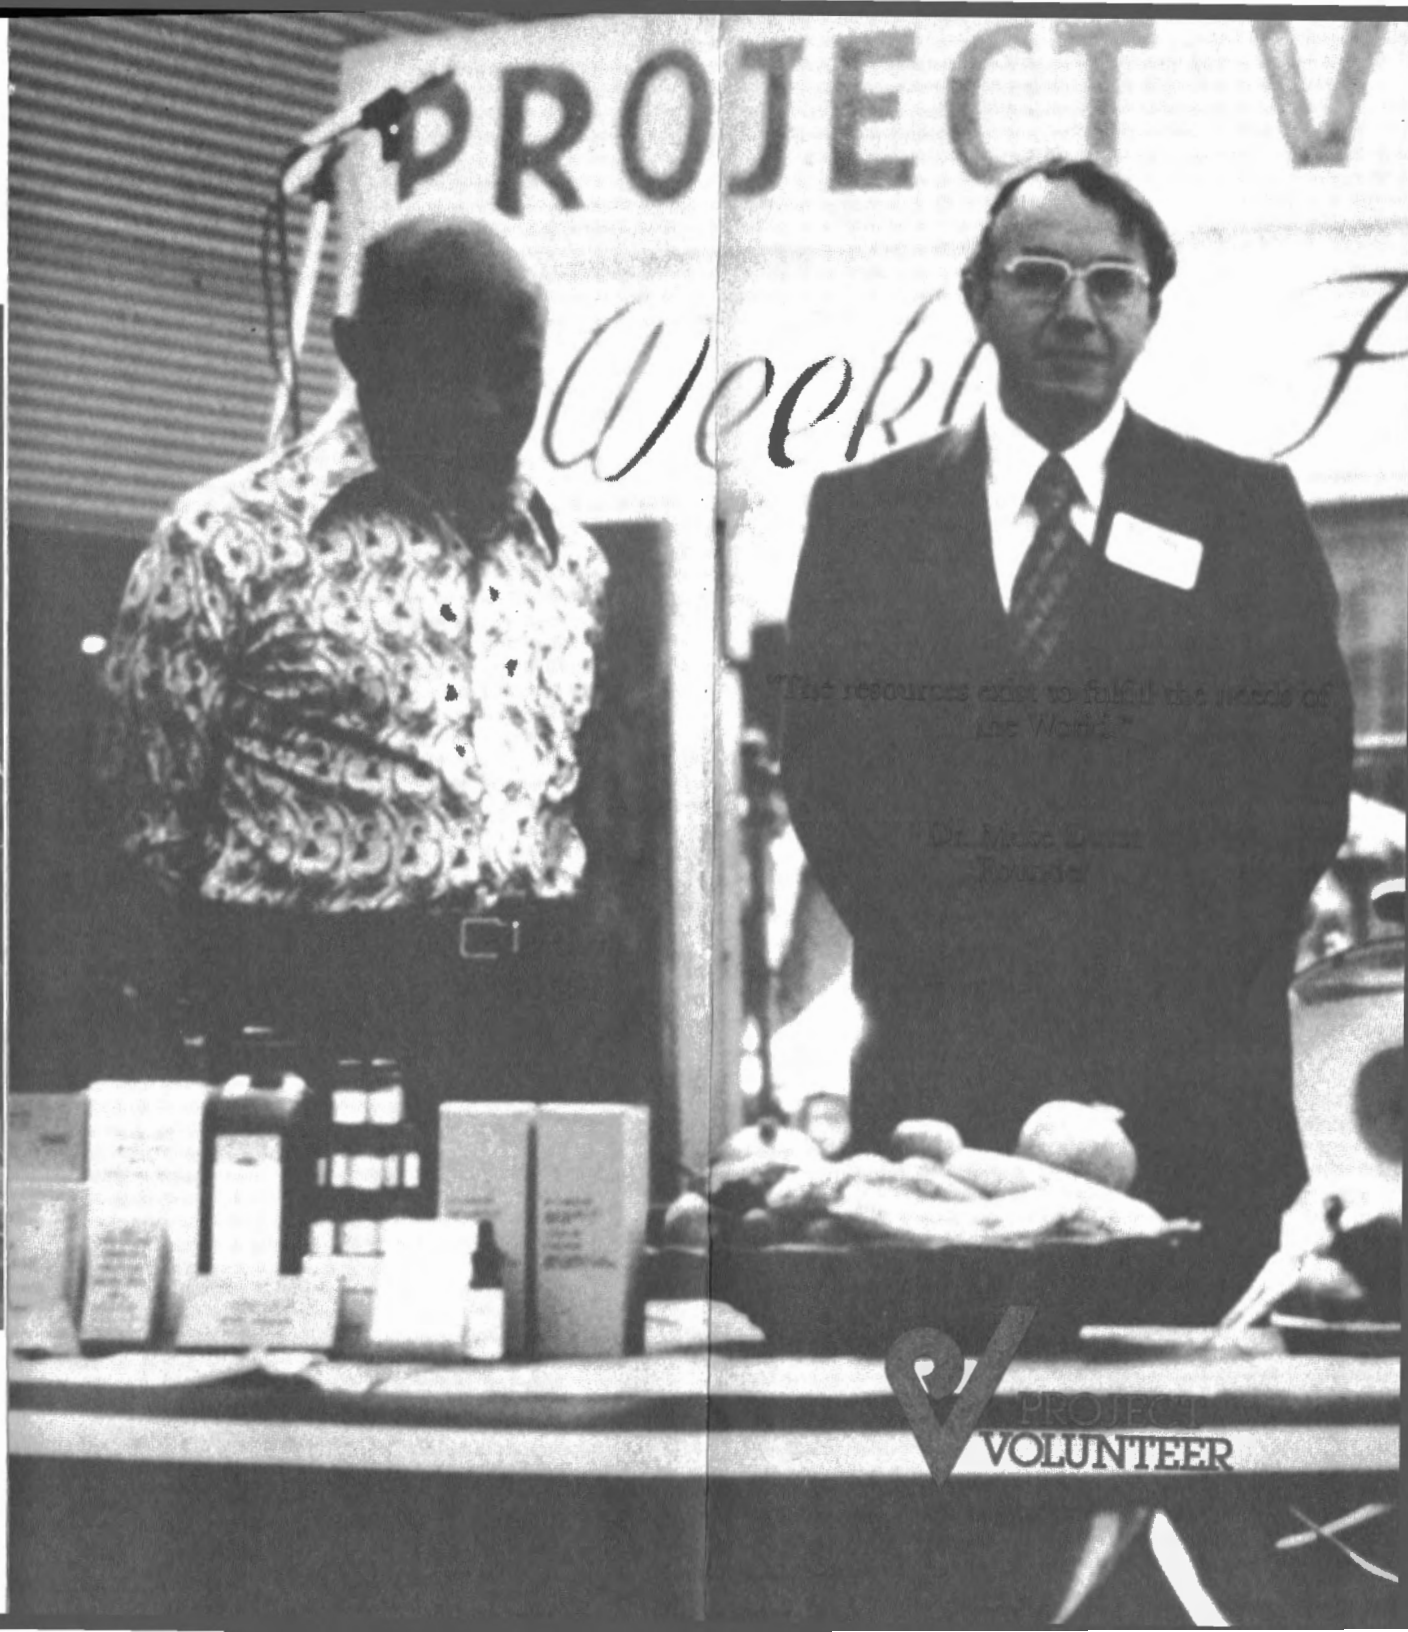

PROJECT VOLUNTEER
843 40th Ave.
Long Island City, N.Y.
(212) 784-0644   11101

WHAT IS PV?

Project Volunteer is a nationwide public service sponsored by the Unification Church of America. The purpose of PV is to locate existing material resources and human services which can be used to asssist individuals and worthy religious, charitable and educational organizations in need. Project Volunteer has established local based networks which facilitate communication and cooperation between concerned individuals and various agencies providing human services.

We believe that people themselves are the most valuable resource and that volunteerism, citizen participation, and local self-reliance are part of the solution to our current economic and social problems.

Project Volunteer assists in the distribution of hundreds of thousands of pounds of government donated cheese to the truly needy.

Local food distribution by Project Volunteer.

NEIGHBORHOOD VOLUNTEERS

The re-vitalisation of the spirit of community, of neighborhood, is part of the moral vision of volunteerism. That spirit, not government programs, is what motivates individuals, civic, community and religious leaders to combine efforts in projects such as street cleaning, day care, senior citizens skills training and building rehabilitation to bring fundamental improvements to the quality of life.

DISTRIBUTION NETWORKS

The main effort of Project Volunteer is in locating, procuring, recycling and redistributing the vast amounts of American surplus food and materials. An all volunteer staff is responsible for the trucking, processing, storage, and disbursement of over 3 million pounds of food annually. Distribution also includes clothing, medicine, furniture, office supplies and building materials.

HOW CAN YOU HELP?

★ Become a sponsor for an international shipment
★ Become a volunteer in any one of a wide variety of programs
★ Become a donor of goods or services
★ Participate in a community network
