New Beginnings in Springtime

Spring is a time for new life and new beginnings. The winter cold starts to melt away, and buds begin to grow. It is a time of hope and excitement for the future. Our CARP chapters are experiencing that springtime energy, as their activities pick up and they spread their impact to new members and old friends. CARP is also experiencing new life in the form of new chapters! Several groups of students have organized in order to form new chapters in several locations: Boston, MA; Austin, TX; Atlanta, GA; and Northern Virginia.

Spring also brings new beginnings for our National CARP staff. Last year, we welcomed one new staff member, [C Katalama](#), who serves as the Chapter Support Coordinator. This year, we say goodbye to [Jennifer Pierce](#), who served as the Communications Coordinator for National CARP for four and a half years. Under Jennifer's leadership, CARP was able to grow its online presence through social media, our website, and this newsletter. We wish Jennifer the best in her next endeavors! At the same time, we welcome [Ryota Naito](#) to the team! Ryota is inheriting the mantle of Communications Coordinator from Jennifer. We're excited to see him take things to the next level!

Let's check out what our chapters have been up to this year:

Creating Ohana on Campus

“Ohana means Family. Family means that no one gets left behind.” This is a quote from Disney’s Lilo and Stitch. We chose the word Ohana for our CARP event “Ohana Talk” because our vision and motto for our chapter is to create a family-like environment where the participants are able to feel a lot of love and a place where they would want to come back to. Just like the great state of Hawaii, CARP Hawaii greatly treasures family.
