## The Full, (Completed Testament), Truth Awaits You!

It is obvious that something new must come at this time in history, to allow us to know how to solve the worldwide problems of modern-day mankind. Just as Jesus brought New Truth to the Jewish Israelites, this New Truth, (named Divine Principle), has been brought to us, with its foundation in the God-given truth of the Bible. But there are over 500 Christian denominations, all denying the other 499, but all claiming to follow the same Bible, (with radically different "interpretations" and "doctrines" derived from the Bible).

**Obviously, if the Bible is from God, it promotes only one "Truth", not over 500 different truths. But until now, no one could determine what is literal and what is symbolic in the Bible, and exactly what the symbolic statements mean. Amazingly, Divine Principle accomplishes this task, and also clearly shows how God plans to solve all our modern-day problems.**

Divine Principle is in the position historically of the Completed Testament, and has been on the Earth for over 50 years. During that time, God's messengers, the Most Rev. and Mrs. Sun Myung Moon, have been working in spite of great sacrifice and suffering on their part, to bring you the empowerment, protection, and healing of the beginning of the Completed Testament Age, brought about by the teaching of Divine Principle, with the liberating results of learning God's complete viewpoint.

However, the powers-that-be (promoting their own power and prestige), have suppressed and waged war against Divine Principle, (i.e. against God's power and prestige). They have chosen to enforce the status quo, at the price of untold

unnecessary and arbitrary suffering to all mankind, since Divine Principle appeared in 1946. Many "leaders" continue to ignore and fight against God's Will in this matter. This is promoting on-going chaos, confusion, and crime, on a worldwide scale.

**If you want to find out what the Living God wants you to know, you should send for the set of books called "Hoon Dohk Hae", in Korean, meaning "Gathering Together for Reading and Study", in English. They contain specially selected quotes from the Most Rev. Moon's lifetime of speeches and sermons. Since October 1997, he has asked that everyone possible might study this specially selected material for one hour each day. Following his request and advice, (for each family to study together, reading Hoon Dohk Hae selections for one hour a day), would definitely be the most beneficial action you could take, for yourself, for your family, and for worldwide peace and unity.**

**Know of a certain, that this is not some lowly fund-raising ploy. This material reaches each person in a most intimate and needed way. (See the PREFACE to the 15 volume set, on the next page, and see the page after that for ordering information.)**
