

# UNIVERSAL PEACE FEDERATION

---

UPF-USA

No army is more powerful than an idea whose time has come.

~ Victor Hugo

October 16, 2011

Dear Ambassadors for Peace,

Last month 172 men and women of faith embarked on a mission to Korea, with the special purpose of coming into harmony with the Will of God for our era. These anointed leaders have accepted the call to spark a revolution of heart and will among conscientious people. We'd like to invite you to join them for a profoundly inspiring convocation dedicated to the study and application of the core principles of the vision, philosophy, and heart behind Ambassadors for Peace Movement. Join us at the South Point Hotel in Las Vegas, NV from Friday, October 21 at 7:00 PM through Thursday, October 27 at 2:00 PM.

When we look at the state of our nation we see that our founding values are compromised at every turn. The breakdown of the family, corruption of the institution of marriage, drug abuse, pornography and widespread alienation and apathy among our youth cripple us. In the political arena atheistic values challenge God-centered values. We the people need a clear and inspired vision, or we will perish.

As the founders of the Universal Peace Federation, Rev. and Mrs. Sun Myung Moon are reaching out to Ambassadors for Peace throughout America. God is working through them to educate, liberate and galvanize Americans into action, in order to bring forth strong families, communities and a strong nation before it is too late. Father Moon has said of our times:

Now, it is entirely possible for the Universal Peace Federation to fulfill its mission to unite heaven and earth and form the kingdom of the peaceful ideal world... It will carry out the role of an "Abel-type" counterpart to the existing "Cain-type" United Nations ... Therefore, please bear in mind that you, as leaders from around the world, have been given the heavenly mission to build God's substantial homeland, which is no less than the ideal that God intended at the time of creation.

Lodging, transportation to and from Las Vegas, and meals from Oct 22 through the end of the conference will be included in the \$300 conference registration fee. You will certainly have an unforgettable experience and gain valuable insights. Let's seize the day, friends in faith. We look forward to your favorable reply and hope to see you there.

Sincerely,

James M. Gavin  
President and Regional Secretary General USA
