In Tampa, Florida, eight families and 20 individuals received the Special Grace and Cheon Il Guk Holy Items from True Parents. Participants were guided by the district pastor, Rev. Chidester. Due to the recent ascension of our local pastor, Rev. Ostrenko, Rev. Chidester came to Tampa to support our community. We are so grateful!

When I was leading the Holy Songs and singing together with brothers and sisters, I felt True Parents' grace, love, and forgiveness. I was so moved and felt repentance and deep appreciation for their great love. No matter what, True Parents keep loving and forgiving us with true love. We all need to inherit it and grow to become like True Parents and fulfill our responsibility to bring joy and happiness to our Heavenly Parent and True Parents!
