The Minneapolis Family Church had about 25 people attend the 49th True Heavenly Parent Day celebration at their local church center in the early morning on February 8. They shared handshakes and smiles as they greeted one another and ate a light breakfast afterward. The attendees sincerely offered their time in their busy work life to honor God on this day, while many families celebrated at home. The group read about how God had been waiting to see the day where His ideal of creation would be realized. Pastor Hyungtae Ha led the pledge service and ended with three cheers to Heavenly Parent and True Parents.
