South Africa

Slovo (Secondary)

The Slovo Study Group are a determined group of 8 teenage students who are currently studying online through UCT Online High School, following the South African Education Department's CAPS (Curriculum and Assessment Policy Statement).

These students have set their sights on completing high school in Grade 12, the highest achievable grade in the South African school system.

With their hard work and dedication, it is estimated that they will all earn their Matric Certificate within the next 3 years.

They are in urgent need of uninterrupted online connectivity so that they can continue their studies effectively as they face frequent power cuts due to power station load-shedding.

IRFF UK has been funding approximately R4000 - R5000 of data per month to enable their participation in the test series.

Your generous donation can empower these students and give them the opportunities they deserve.

[Give hope to the Slovo students](#)

Shine (Primary)

Operating out of two bright yellow containers on the grounds of Walmer Primary School, SHINE helps children in Walmer, Gqeberha (Port Elizabeth), to learn English.

South Africa is now the most unequal country globally, and literacy levels are amongst the worst. 8 out of 10 Grade 4 (9-10-year-olds) learners cannot read for meaning in South Africa.

By immersing them in books and reading, with comprehension, in English, Shine facilitates these children to be able to confidently go into Grade 4 where classes are exclusively taught in English.

Make a difference in the lives of these children by supporting Shine. With your help, we can provide them with the education and resources they need to build a brighter future.

Uganda

Destiny Junior School

Destiny Junior School is working hard to fight poverty and provide quality early years education and teach students how to read and write.

We are working hard to help them complete the plastering of the security wall, requiring £2,600 in funds.

Plus an additional £820 to enable the furnishing of one of their classrooms.

We are also trying to raise funds to provide meals for the students, pay teachers' salaries, rent properties for housing the teachers, buy educational materials, and pay medical bills for the students.

For just £10 per month, you could sponsor a student and provide them with nutritious meals, clothes, and shelter.

Help us to complete the essential infrastructure work and provide an excellent education to Destiny students, breaking the cycle of poverty.

Destiny Junior School

Uganda - Sponsor a Child

In Uganda, a significant percentage of children drop out of school before they complete secondary education. The lack of adequate facilities and poor academic performance are the leading causes of this trend. The issue worsens in rural areas, where poverty is rampant, and children struggle to access quality education. Destiny Junior School is working hard to bridge this gap by providing early years education and teaching students how to read and write.

However, we face significant challenges in providing essential infrastructure and support to our students. Currently, we need an additional £2,600 to complete the plastering of our security wall and £820 to furnish one of our classrooms. We also need funds to provide meals for our students, pay our teachers' salaries, rent properties for housing our teachers, buy educational materials, and pay medical bills for our students.

By supporting Destiny Junior School, you will help us attain the necessary materials to complete essential infrastructure work and provide an excellent education to our students. For just £10 per month, you could sponsor a student and provide them with nutritious meals, clothes, and shelter. Together, we can break the cycle of poverty and give these children a brighter future.

We sincerely appreciate your support and generosity.

30,000 people helped

IRFF UK has positively impacted the lives of 30,000 people through its various support initiatives.

40 projects completed

Destiny Junior School has provided invaluable educational opportunities for numerous children who otherwise would not have had access to them.

Projects that become self-sustainable

Thanks to our efforts in removing jiggers, thousands of people can now walk freely without pain. We are proud to have made a positive impact on the lives of so many and will continue our mission to alleviate suffering around the world.

What our donors are saying

Your efforts in the areas of education, health and sustainability are vital in certain countries and truly appreciated. My family will continue to sponsor a child at Destiny Junior School in Uganda, and will endeavour to support other causes that IRFF UK informs us about.

Marshall de Souza
Destiny School Sponsor

The Women's Federation for World Peace, South London, has been supporting Destiny Junior School through IRFF-UK for more than 12 years. Our ladies sincerely had been helping to provide a better place for the children of Destiny Junior School in Uganda. We believe Education and health are the most important things for the life of the child.

Dolores Read
Destiny School Sponsor

I have been happy to support projects that IRFF is running in Uganda. In particular, I have donated funds towards the building of a perimeter wall and a kitchen at Destiny School. I really appreciate the good work IRFF has been doing over the years to help people/children in Africa.
