

## Colorado Family Church: Discussion Opportunity with FFWPU Ukraine Saturday

Michael Hentrich  
December 5, 2019

Dear family,

As we've been announcing in the last couple services, there is a small delegation coming to Denver from Ukraine, including their national leader. They have decided to come here at this time in part due to the many good things they have heard about our community.

This is primarily an opportunity for sharing and discussion. I see this as a great opportunity to inherit and learn from them about creating a long-term vision and making it happen and the ways in which they have been successful, such as in their NGO work, in having families living together successfully, and their steady and consistent growth.

You are welcome to come if you are interested. Please let me know if you are planning to attend. It will be Saturday all day starting at 9 am. I am also aware that some people are already investing into the upcoming Blessing ceremony on Saturday.

Sincerely,

Pastor Mike
