

Colorado Family Church March Local Highlights

Michael Hentrich
April 1, 2020

Dear family,

March was a really crazy month, and we've experienced so many changes both as a community and as individuals. Still, spring is coming and good things are always happening. We hope to be able to highlight some of that in this month's highlights email. Enjoy!

Subregional Famicon in Dallas

Four members of our congregation went to Dallas earlier in the month to represent our community and prepare goals for the year. Thank you to everyone who attended and to the Dallas Family Church for hosting.

Steve Yoder

After a near fatal heart attack, Steve Yoder has made an amazing recovery and is back home now with his family. The family has asked us to thank you all for your love, prayers, and support during this challenging time.

Paintings of the Word Art Exhibit

Catherine Ichinohe did her first public unveiling of her first seven pieces of art portraying God's process of creating the universe from the perspective of the Bible and Divine Principle. Many people attended and were amazed at the beauty and meaning embedded in all the artwork.

World Summit Testimony from Ambassador Sam Zakhem

Launching Virtual Small Groups

We've launched our Virtual Small Groups! The first group met for the first time last week, and people are still welcome to join. Please let us know if you are interested.

Wonjeon Bench Finished

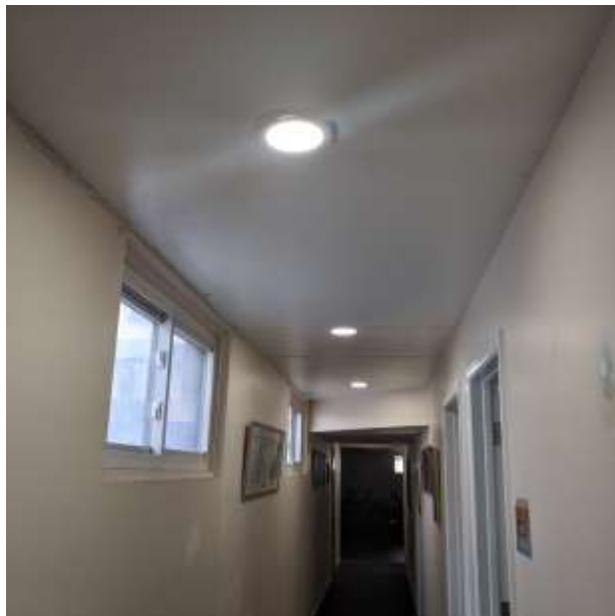

Due to a special donation from the Carter family and the efforts of Dr. Hentrich, we recently finished a beautiful stone bench to mark our WonJeon (burial) site at a beautiful natural cemetery near Longmont.

This month, we finished our series on marriage and relationships called, "Some Assembly Required." There were some great messages, such as, "[Some Disassembly Required](#)," "[Taking Blessings for](#)

[Granted](#)," and "[Coronavirus and Relationships](#)." If you missed any of them, you can watch them on our [YouTube Channel](#) or [Facebook page](#). We also had a couple community updates ([March 22](#), [March 29](#)) since we are not able to gather right now

Building Renovations and Maintenance

This month's building improvements include beautification around the church with planting daffodils around the plum trees, gardening, doing some fix-ups in the bathrooms, and new recessed lighting around the building.

Special Recognitions and Prayer Requests

Please pray for our community members who have lost their incomes or who've had their hours cut because of the pandemic. Please also pray for those that are sick and need healing.

We are excited to welcome Pablo and Mika Rivera and their six children to our community. Pablo is in the army and has recently been stationed at Fort Carson by Colorado Springs. They are looking forward to being involved in our community.

We've enrolled as a part of King Sooper's community rewards program. Through shopping at King Soopers, 5% of your purchases will be donated to our church, so please take a few minutes to sign up. [Click here for the simple instructions.](#)
