

## Colorado Family Church January Local Highlights

Michael Hentrich  
February 16, 2021

Dear family,

We are sorry for sending this out so late, but better late than never! Please enjoy this brief overview of January's activities.

### Recapping 2020 And Planning For 2021

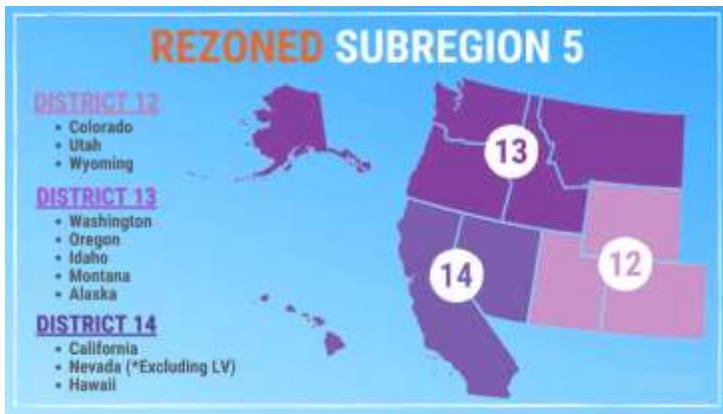

For our first service of the year, we held a joint message to share our reflections from 2020 and hopes for 2021. If you missed it, please take a look at the recording above.

### Revamping The Cafe

Our amazing cafe crew has been hard at work creating new ideas for menu items. We have tasty new snacks such as madelines and fig bars, new cold drinks such as Thai teas, canned iced coffee, McColl, Ramune, and new bacon and lox addons to go with our breakfast bagel sandwiches. Come and enjoy the cafe before service!

### We've Joined Subregion 5

As you've probably already heard, as part of our national reorganization, we are now a part of Subregion 5, under the leadership of Rev. Kevin Thompson. We can look forward to a visit from him soon.

This month, we had messages on a variety of topics. Hopefully you found something valuable for yourself. If you missed any of them, you can find them all on our [Facebook page](#) and [Youtube channel](#). For quick reference, this month's recordings are below.

**Welcoming New Additions To The Community**

We are thrilled to welcome the Loves back to Colorado after their almost year-long global travels. It feels like they never left.

**Continued Renovations And Improvements**

In January, we worked on a variety of projects around the church. The cafe has a new digital menu, the French Ministry room has a new, larger tv for Sunday school classes, the commercial freezer in the kitchen has been fixed, the chapel walls have had some minors and the trim put back, we have a new commercial fridge in the food bank area, and mounts for the new chapel tvs were installed on the ceiling. Also, we've fixed various long-standing issues such as a drainage leak, attic ladder instability, electrical

improvements, and a drywall hole in the cafe. There is a lot of major work in the chapel that we look forward to sharing more about next month.
