

## Colorado Family Church: Youth Ministry and Camp Journey Fundraiser!

Michael and Adonia Hentrich  
April 13, 2022

Dear family,

Once again, we are partnering with the Salt Lake Family Church to put on a summer camp for our youth this year. Camp Journey will actually be bigger this year (see photos below for the new location), with participants coming from Alaska, Canada, Las Vegas, and more. This is in addition to the youth already coming from Colorado, Utah, and Washington. We are very grateful to Alicia Kuhlmann for being the main organizer and for Anisa and Kenzo Tanaka for supporting.

Last year we did a fundraiser to help with the costs of the camp. We were able to exceed our goal of \$3000 with all of your generous support and the hard work of the Youth Ministry team. We are so grateful! This year, we are fundraising again with the goal of raising \$4,000 by the end of May. These funds will help support Camp Journey as well as go towards buying a youth ministry passenger van. As our youth group grows, it is becoming harder to move everyone around with personal vehicles. Naturally,

the church will also support a large part of the van cost, as well as ongoing expenses. With the support of fundraisers over the last two weeks and generous donations, we are already almost a quarter of the way there.

Our youth ministry team will be doing some fundraisers during this time, such as bake sales and possibly car washes or door to door fundraising. If you feel called to help support, we would really appreciate it.

Donations can be made to the church (HSA-UWC) as usual. Please just note that it is for the summer camp or youth ministry. If you would like to donate by Zelle ([info@ coloradofamilychurch.org](mailto:info@coloradofamilychurch.org)) or [online with a credit card](#), there's a memo line where you can write that. Thank you so much for your support and for reading. If you can't support with funds, please pray for our success and growth for this important age group in our church.
