

# Rev. Dr. Willie Weston Visit

London, UK, 9. April 2016

On Saturday 9th April Rev. Dr Weston addressed our Ministers, Pastors and Christian lay workers at Lancaster Gate, London, on the topic “The Principles of One Nation under God”. He based his talk on Ephesians 2, 3 and 4, about breaking down walls, reconciliation, renewing our minds and spirits in the likeness of God to build God’s temple, and he inspired many Ministers and Pastors to want to work together in unity to build God’s Kingdom and realise the peace it will

bring. And we had 12 new pastors who signed up to become members.

We were very grateful for Dr. Weston’s willingness to come and address our Pastors as he has such a deep knowledge and familiarity with the Bible, so that he could talk to the Pastors in language that they could appreciate, and his warm, humble yet dignified and authoritative demeanour touched and opened people’s hearts.

On Sunday 10th April Dr Weston spoke about Family Values, based on Ephesians chapter 5 and 6, which explains what the relationships in a Christian Household. He spoke in Pastor Michael Ampadu’s church, All Nations Christian Fellowship in Streatham, South London. Amazingly the first church that Dr Weston was

attached to was also called All Nations! Pastor Michael and his wife, Sister Mavis, blessed 15 couples, helped by the Pastor and members of our local Unification Church, with the Resurrection level blessing, based on Family values.

It was an amazing event, filled with the Pentecostal spirit and an outpouring of spirit, the service was truly blessed. One sister who is open spiritually saw True Parents dressed in gold, together with Jesus, and there were Absolute Good Spirits and Angels rejoicing and dancing. Another sister heard True Father asking the Unificationists to go to the front and sing Grace of the Garden, which we did. She also saw Jesus, and he told her that “This is my harvest, so go and claim it and report it to True Parents.” And he told her that we should sing “Bringing in the sheaves, bringing in the sheaves, we shall come rejoicing, bringing in the sheaves”. The congregation all testified afterwards that it was the most wonderful experience that they had ever known. Now the Pastor wants to study deeper and is currently observing the 40 Day separation blessing ritual.

Before Dr. Weston left for Chicago he held a meeting with our A.B.C. Committee, giving us guidance and understanding about how to work successfully with Christian Pastors, and in particular Pentecostal Ministers, as they are the ones whom God is sending to work with us.
