

## West Country and Welsh Community initiative Two Day Workshop

Matthew Huish  
November 18, 2017

Booked another 2 Day rebirth experience through the truth workshop in Fri 16 February 2018

2 Day Divine Principle Seminar 17 November combined a West Country and Welsh Community initiative in order to give a rebirth experience through the truth of the Divine Principle. We invited guests and members.

Ed Stacey gave the lectures assisted by Carlo. Bernard was the MC, leading the singing with his usual flare.

Ten nationalities were represented on the workshop, yet in a short time everyone felt at home.

Here is one of the reflections:

*"I have acquired another outlook of God's vision for my life. The Principle has enabled me to see the heart of God and Jesus, and my accountability and responsibility to achieve my mission here on earth and heaven. I will take this back with me and share with my family, friends, colleagues and community through being a good example myself."*

Because there were seven more guests who could not attend this time, we have booked another workshop in February starting Fri 16 to Sunday 18.

Many thanks

Carlo and Barbara
