

UPF USA: North Korea and Covid-19 Health Crisis Webinar: Tomorrow!

Michael Jenkins
June 20, 2022

You are invited to join us for our weekly webinar series on the Reunification of the Korean Peninsula every Tuesday at 2 PM EDT. This week's session is hosted by UPF's International Association of Parliamentarians for Peace (IAPP) on the topic of:

North Korea made a strategic decision to forgo Covid vaccination in favor of **strict quarantine. But Covid got in and it's surging across the** country. Despite the heroic efforts of individual doctors, the healthcare system is underfunded **and dysfunctional. People's immune systems are compromised by widespread** malnutrition, diabetes, HIV, alcohol and smoking. Covid and tuberculosis are enabling the spread of each other with catastrophic results. The consequences could compare to the famine of the late 1990s, which resulted in mass starvation and devastated North Korea. Overlapping crises today could threaten the viability of the state.

The Livestream will begin at 2 PM EDT
