The International Association for Peace and Economic Development

An Urgent Forum For People Of Faith: How God Has Inspired A New Effective Paradigm That Is Making A Difference.

Tuesday, Dec 20, 2 – 3 PM EST (New York Time)

Dear,

This month, we are co-sponsoring an important program that looks at the economic impact of government policies and the overall impact on our culture and way of life. Often well-meaning government has implemented policy decisions that have had unintended, negative consequences.

If you are upset that...

- The traditional family is under attack by an increasingly immoral, sexualized culture?
- Leaders in business, entertainment, media, education, and government are either aiding and abetting this erosion of culture – or unwilling to do anything to stop it?

...then you MUST join us for this important presentation.

Bob & Darla Vander Plaats were recognized as the 2022 Parents of the Year for Civic Leaders by the National Parents Day committee for their work with [The FAMiLY Leader](#) to impact government and society. [National Parents Day](#) is the 4th Sunday in July each year.

“I’ve personally witnessed the impact of The FAMiLY Leader’s ‘[The Daniel Impact](#)’ in Iowa.... I cheer on this proven model and hope it is embraced and enacted in many states.” – Iowa Gov

National Parents' Day

Every fourth Sunday of July in America

Nominate Parents of the Year 2022

An American holiday

In 1994, Congress unanimously passed "The Parents' Day Resolution" establishing the fourth Sunday of July as a perennial day of commemoration.

On this day each year, Americans recognize outstanding parents, celebrate the teamwork in raising children, and support the role of parental guidance in building a strong, stable society.

Throughout the nation in almost every state, community leaders organize Parents' Day events to honor parents.

Honoring Parents

Local Parents' Day Committees are made up of volunteers, public officials, community leaders, ministers, teachers, students, and, of course, parents, who organize events to honor parents.

Every year since 1994, these local committees have sponsored annual Parents' Day programs, gathered nominations, and awarded some incredible parents in towns and neighborhoods across America.

You are invited to participate with your time, expertise, and energy. You can provide in-kind services, gift certificates, donations, or just show up at one of the many Parents' Day events and applaud the parents making a difference in your area.

Parents of the Year

At the national level, the Universal Peace Federation sponsors an award ceremony, inviting and hosting state nominees to a Parents of the Year Banquet in Washington, D.C. with members of Congress and other dignitaries.

National Parents of the Year awards are given to parents who exemplify parental love, service, and dedication to their family and to the broader family of their local community.

In this way, America's moral fiber is supported and strengthened in that most essential place: the home.

Parents are at the root of America's goodness.

"The greatest work of any individual, rich or poor, black or white, when it comes down to the evening of their life, is their children and grandchildren, the work of being a parent."
