North Korea's Kim Jong-un is talking about an unthinkable first strike on the South. He's tearing up all the highways and bridges and the railroad between North and South Korea (literally and metaphorically). He has sent his own citizens to fight and die in Ukraine. Is the Doomsday Clock inching closer to midnight? What qualities will be required of the new President, and how do Harris and Trump measure up.

Join **Newt Gingrich**, former speaker of the House and one of the most astute analytical

thinkers in geopolitics in an Election Day Special Webcast of The Washington Brief.
