Lima, Peru—In the cities of Lima and Trujillo in Peru, three meetings were held to celebrate the International Day of Families. In each event, the speakers focused on UPF founder Rev. Sun Myung Moon's vision of the ideal family. In Lima, a number of individuals were recognized for their work to establish stable families. In Trujillo, couples who have been married for a long time, including UPF-Peru president Mr. Trevor Jones and his wife, were presented with a medal and a certificate by the mayor of the Esperanza district.
