Do you want to hear more from me? [Yes]

C. Arline... They have wonderful, wonderful message. I was so impressed about her testimony and report, and surely her 40 days a champion experiences. That [will end up] please have our every nationwide and worldwide here cherish today's testimony. Don't ... mine today, but take hers.

First, that is more urgent news to everyone to hear. I was very impressed already. My heart, how this young girl awoken herself after 40 days champion workshop. Not just truth, understanding diving principle, understanding true courage, herself, awakening to be daughter of God ... Even tried to be a God centered family. She ... for family ancestors. Wonderful. And not just waiting. God answers. We must try to cross to God and to parents. This is our portion of less ...

My voice a little bit lost because we have new game. New game ... It was strange. Things happen to my new game and always we have a new game. Many, many occasions. So, whenever I lost to parents prepared first prize, second prize. Big difference. Whenever I won, this time I won, our team won. [Yay! Whoo!]

Maybe sooner I ask True Mother, "True Mother, what is happening? Whenever I won, prize first, second, third, fourth, always same prize. That's alright. Still I am praying, I didn't get the answer yet. Why is this happening whenever I won? I lost my voice. I shouted, shouted and yes, God gave a first prize, but that prize money ... First prize, everyone say it.

We did that ..., I really want to share just briefly what was happened last two weeks centering on True Parents, Heavenly Parents day and True Parents day, and after that and True Parents birthday and many event. Informational leadership conference, as well as informational leaders assembly and foundation day and other similar meeting for the sake of international leaderships before we left. And to mother [share] was again the time has come. For the sake of heaven, for the sake of True Parents, for the sake of each one of you, your nation. You're seeing that Africa summit. You're seeing all around the world, 2017 activities from continental directors. How they were prepared. We have our own portion of less...

So, first hear what I learn through these two weeks event. Celebration True Parents, birthday, and foundation days. We must still awake. Myself, I must awake. The time has come to me. Wake up time. Not time like last night. I prepared the sleeping and now time to wake up and dress well and move out and testify True Parents and Heavenly Parents. This is awoken call once again True Mother. So future in 2020, when True Mother age is 77 and True Father's 100 years. Celebration just around the corner for next two years. Why and how and what we going to do next two years?

This is True Mother tried to deliver to each one of us. Time has come to us for the sake of this nation and around the world. Think about 2000 years ago. Jesus came to his light. The land of Islam. We learn so many lessons. Go [through] prepared. They didn't recognize. God only begotten son. Even God prepared for 1,000 years. They couldn't recognize God's only begotten son. Once again, even God educated,

prepared for 1,000 years. They couldn't recognize God's own begotten son. How then could brought miserable. Same thing they repeated 6,000 years ago about... We shouldn't repeat. So, the time again, is second coming messiahs providence for the sake of ..., for the sake of the kingdom of heaven on earth and in heaven.

I really wish to this presentation remind ourself who I am, who we are, and where we are. And then let us again yes. Our daily activities always up and down, up and down. However, we need align ourself, re-energizing ourself and start again. This is the power of life of faith. Life of commitment. Like Carrie mentioned, try to one step forward to parent. Try to one step forward to God, even you are under circumstances of difficulties. Then God will come to you and make a recommitment. This is our life of faith. What we inherit to the True Father and True Mother.

First of all, before we celebrate True Parents' birthday we have an International Leadership Conference. This time, we invited peace ambassadors from political, social, educational, and then on other half we invited worldwide known religious leaders ... from America, ACLC pastors. This is American and some worldwide religious leaders. Whenever I call, "Please come, American religious leaders," but everybody come to stage. "You are from America?"

"No, I'm from Africa, but I really want to be American." Everybody came to talk. This is a special workshop for heaven tribal messiahs. Like Carrie emphasize how can we fulfill tribal messiahs? Our fortune were less possibly 430. I was surprising to see many police assisting wives. I didn't know he, she, her family ... So why you are here? I didn't report to your fulfill your 430. Oh, Bishop Kim, I came here. I pay everything and I like to hear and impact how these people fulfill 430 and then this year I committed, I must fulfill my own 430. That's why I came here.

This is our sisters and brothers. I was surprised. So many families came from America. Look at this. From worldwide, but however many family members came. Too long, how these people fulfill 430. This is our American families commitment and this is newly appointed leaderships. Like five or so, regional leaders like Gabriel Wendo and worldwide, especially in Korea, Japan, and America they have education. When mother pointed a new position, not just they go out front line, but they come to Champion Training Center and then they have a special five days education. How can we inhale, speak, and truth. How can we become leaders like True Parents wishing?

So, they have a special education for newly appointed Cheon Il Guk leaders this time. This is IAPP, centering on the congregational leaderships they have been offering a ceremony and this is IAPD religious leaders. We are in Korea. We are the worldwide religious leaders. This is International Leaders Charge On Conference, especially for the sake of religious leaders. We have exhibition around the second floor of Cheon Jeong Gung Peace World Center and before True Parents birthday celebrations and worldwide, True Father and True Mother activities and all tribal messiahs' activities around the world. This is very interesting hoe True Parents, centering on Heavenly Parents and brothers and sisters around the world, will build the kingdom of heaven on earth and in heaven.

This is miraculous activities centering on Heavenly Parents and True Parents and brothers and sisters. We have place service on True Parents' birthday. This time, many new ways. Before we have True Father, True Mother's chair, but this time one chair. Now, True Father and True Mother, one body. One spirit. Interesting, we have a holy candle lighting ceremony. Right hand and left hand. You know, five candles

each side.

True Mother give again about mission of True Parents and mission of family members. This message is soon we like to collect five message, main powering messages available to you in English. This is American delegation. This time, surprise. 70 leaders and community leaders came together. At the time, it was fine. So many leaders, they badly want to come and then try to feel like a spirit once again. Revive the spirit centering on True Parents.

Yes. This is the True Parent birthday. We offer donation, you're donating. And then also we offer this nice framed Madison Square Garden picture with [foreign language 00:16:41]. One of the greatest event in year 2017. I was leading three cheers on mother's day. This time, again, True Mother tried to give a word. Our dear brothers and sisters from six continent. From America, based on we selected these families since 1975. Our elder brothers and sisters who went 120 worldwide missionaries with Japanese and with European family. Then among them, we recommended by their communities and four families, they receive Hyo Jeong Family Award from True Mother.

Also, what I learned from True Mother, she really want to recognize brothers and sisters. Sharing whatever she got press from True Father and Heavenly Parents from heaven. This is another event for a Korean church. They have a wedding around 20,000 Korean families that get together and this is a new starting wedding, centered on True Parents. 2018, way before the hopeful march forward of family federation for heavenly Korea.

This is the ICUS Science Conference. It was around 60 scientists came, but True Mother went to be there and share about the worldwide problems. How this scholars and scientists can have building external way for the sake of God's kingdom. This is China's leaders assembly and each continental leaders share about their plan. What based on last year plan and this year plan. I share what we have learned 2017. What is our plan this coming 2018? This is a year book as you received every year. So this will be your home very soon. What we have done last year. What going to do this year. I shared international Cheon Il Guk assembly and with these people.

Before my presentation, all American leaders came together and led by Steve Honey we sang a song, "Generation of Righteousness". Somehow, True Mother like this song. Not only True Mother; Korean, Japanese, and European. We have a "Generation of Righteousness". Korea they have a song, San Ay Ee, and Japanese they have a song that very like a revival song. This time, I heard from David Eaton called by True Mother, "Yeah, American, they have great song. Really bringing revived spirit. Can you make like that for European leaders? [Laughter] European leaders - They can have unison spirit." Mm, so we have great song.

With the international president, the name is \_\_\_\_\_. We had a wonderful picture together and this is scholarship ceremony. This year was the year True Mother offer \$10 million scholarship for worldwide second generation in study. In America, we have many second generations. In Africa and South America. Of course, Korea and Japan and Asia, Europe. Every year, True Mother initiated \$10 million. More than any other scholarship organization offer. Not only for second generations and offer this scholarship non-unification church members as well.

This is who receiving scholarships. Not everybody, but most of them from Japan and Korea and also we

have one representative from our country. Then True Mother took us, American leaders, to Yong Pyeong. Our church resort and where winter Olympic game, they had over there. And Hoon Dok Hae at Yong Pyeong, our major resort hotel, we have open Hoon Dok Hae with leaders a and next day we celebrate the fifth anniversary of foundation day. Once again, True Mother let us wake up. Time already has come and then Heavenly Parents and True Parents and all human kind have been waiting for this day and to be blessed and have same kind of God centered blessing all 7.5 billion.

This foundation day is our entertainment. Really wonderful. I was so excited after this performance is over and how True Mother happy and True Mother ask me, "Please invite them again tomorrow, just me." So only American team invited alone by True Mother among five others. Yes, it is mostly second generations and first generations as well. A combination of first generation and second generations. They created a beautiful voice. This is a ... Not our church pastors, but this pastor is a blessing. I don't know how many times they blessed it, but I remembered all 10 events. Blessing and blessing after blessing and they blessed at the church. Over 700 couples.

We should invite them to ACLC breakfast meeting. We have breakfast and have fellowships. We need actions. True Mother very clear, understanding. Not just understanding, "Oh, I like it." Not just stop there. We need action. Followed by Hyo Jung culture. What is Hyo Jung culture? Attending Heavenly Parent and True Parents. What next stage? This blessing, this blessed central family. Most important job, attending Heavenly Parents and True Parents. Action. Otherwise, we cannot move forward toward kingdom of heaven Cheon Il Guk. ACLC need action and attending God, attending True Parents. This is next stage. Attending True Parents.

Victory celebration. I was praying for victory celebration and we offer victory celebration. This is True

Mother's speech book. This was the ... Korea is already, I think six months ago and six months ago, we started this True Mother's speech selection translated in English. Last six months, so funded by American family church and we translated in English. We purchase 6,000 copies already shipped, so this book available. I think middle of next month, to everyone available and how precious. Last 40 years True Mother's public speeches, including Madison Square Garden. This is an offering.

At the same time, Japanese version of True Mother's message selections. Once again, True Mother invited Apple Heaven USA and this international New Hopes, internationals with second generations' beautiful voices. This is Cheon Jeong Gung. When they wear this, I couldn't recognize where they are come from. Day before, Won Ju McDevitt see these ones and we have a magnolia and sell it for at a beauty shop. She took these sisters, everybody, over there and they made a special makeup. Special makeup. It costs some money, actually. However, beautiful and then they surprised everybody.

After victory celebration, once again, those American leaders came to kneel by stage and we took pictures. This is the spirit of the America centering on True Mother. Once again, thank you so much Chicago families and your support. Yes, we have challenges all the time. Life always challenges for individual and for family member. For community, church, nation, and around the world. But we are very clear. Centering on True Parents with the divine principle. With alignment of our True Parents and Heavenly Parents. We could overcome all kind of challenges.

To me, every day is a lot of challenges, but I'm very clear. I'm very simple man. I'm very simple man. Whatever True Parent say so, 100% my mind very clear. Still a lot of challenges. Even I commit like that. Every day, but every day with the Chambumo Gyeong, with the Cheon Il Guk holy scriptures, with the prayer. Not only early morning. Even driving to this morning, get here, it take 40 minutes. 40 minutes I'm

not just look front, "Where is stop sign or stop light?" I'm praying. There's some people look at me, "What he talking about?" You know mouth's always open like that. I'm praying these 40 minutes, coming on the way, drive. Even my wife is sitting by me. "Let's pray. I will drive, you pray. You drive, I pray." No, my wife say always, ask me, "You pray." Either way you do either.

That is my commitment. Hoon Dok Hae, God centered message and my commitment with my prayer. Then, even I have a lot of things to do, I have confident. I have passion, because God been waiting for 6,000 years and what the Bible say? We are product of 6,000 years God's providence of restoration. We are. I believe that. You believe that?

Yes!

Then what is ... So we are miracle makers. We are all representatives of Heavenly Parents and True Parents. I am on behalf of Heavenly Parents, True Parents. What can I share? What can I say? Very clear to me. That this is written before True Father left. Hoon Dok Hae and Tribal Messiah. Who we have left.

Once again, thank you and God bless you all.
