On January 6, Dr. Ki Hoon Kim, Regional Chairman of Family Federation North America gave the Sunday sermon at the Clifton Family Church.

Dr. Kim shared precious guidance from True Mother while he was in Korea a few days ago. In his sermon and meeting with the ministry team, Dr. Kim shared the importance of creating God-centered families. The address was well received with cheerful interactions from Unificationists. After the service, Dr. Kim had lunch together with the community along with four families who completed the 430 Tribal Messiah Blessing to share their testimonies. Many Unificationists shared their appreciation for Dr. Kim's visit and delivering an uplifting sermon. It encouraged everyone to do their best to achieve their Tribal Messiah responsibilities. After the visit to the Clifton Family Church, Dr. Kim visited the Elizabeth Family Church to inaugurate their new facility. The presence of Dr. Kim was a great blessing for the New Jersey Community and a fantastic start to the year.
