In practicing the word and living for the sake of others, find your life's calling.

AAP will provide a means for it's participants to experience the rich culture and beauty of Africa while partaking in service projects and understanding a greater reality.

In less than a month, re-access your life and figure out what it means to be a global citizen. The world is your stage, where will you have the greatest impact?

The United States of America stands in the position of an elder son nation in relation to all other nations, specially in the aspect that it is in the position to give guidance and help to it's "sibling nations".

Among them the countries of Africa stand out. Their is a heartistic debt which USA has towards Africa. Now is the time to give back.

This project will grant an opportunity for individuals to find ones self value and their life calling thru acts of service, thru seeing a different reality and experiencing new cultures. Changing the way you see the world and expanding ones horizon. But most of all it will connect America and Africa via bonds of heart. And all in one summer, compared to other year long programs.

This program will contain visits to farms, school, clinic and a safari. It also seeks to bring capable youth from Africa to come study in the USA. For our first Project we will be going to Zambia, a country that has a lot of foundation.

Registration for AAP closes on June 4

Why Zambia? It's relatively developed, it's a safe country, spoken language is english, and our movement has a Lot of foundation there.
