Grace of the Tree of All Things

Holy Candle

Sent out this week!

The grace of this Holy Candle of Tree of All Things is to connect members with True Parents' Heavenly Fortune (Blessing of All Things, witnessing, and conceiving children). Due to Great Works being available online, it was permitted for each region and nation to inherit Holy Candle of Tree of All Things to the members without physically coming to Korea. We ask all leaders who are responsible to inherit Holy Candle to register for Great Works and then multiply it to your members at church.

The grace of inheritance of Holy Candle is only available for members who registered for the Autumn CheonBo Great Works. Through Autumn Great Works, evil spirits that were blocking us from receiving the Blessing of All Things will be liberated enhancing the grace of Holy Candle of Tree of All Things. (There are no specific holy matches for inheritance, so please prepare your own holy matches)

If the leader inherits Holy Candle to members who didn't register for the Autumn Special Great Works, then the grace that the leader was supposed to be receiving will be given to that member. For example,

let's say that the grace of Holy Candle is 100 and when the leader inherits it to others who didn't register then 1 of the 100 will be given to that member meaning the leader will only receive 99 of the grace.

This Holy Candle doesn't need to be put on the Cheon Il Guk Candle but to be lit for to receive the Grace from the Tree of All Things.

As we receive the holy candle, let's remember and stay clear the significance of our holy candle (both of this Holy Candle and the Cheon Il Guk Candle) and how to multiply it!

4th Heavenly USA Spiritual 40-day Workshop

We are on our 10th day of the 40 day - here is a testimony that our American Volunteer shared as she came back to help with the 4th Spiritual Workshop.

Hello, first of all I would like to offer my sincere gratitude to Heavenly Parent and True Parents for giving me this opportunity to share my testimony.

My name is Kanna Takahashi, I'm 23 years old and I currently live here in Las Vegas! I graduated from the 3rd Heavenly USA 40 Day Spirituality Workshop. I want to briefly share about my experience from the previous 40 day, and what I gained, as well as what brought me back as volunteer.

My original intention for joining the previous workshop, was to **build the resonance with Heavenly Parent and True Parents within me**. Before joining, I've struggled during night vigils to feel a connection, especially during prayers, I found myself just sitting there, without much emotion. Even when I tried to pray out loud, my voice would gradually quiet down, and I found myself saying empty words with no sincerity behind them. I wanted to resonate, I wanted to cry out to Heavenly Parent and True Parents, but I couldn't spark it no matter how much I tried. So with that reality, my heart told me that I would grow that resonance in the 40 Day spirituality workshop.

Throughout the workshop, I felt that Heavenly Parent guided me in taking small steps to grow the resonance. It didn't just come in one day, or a week, but it was the **sincere effort I put into every lecture, activity, chanyang, and personal conditions I set for myself**. I asked many questions in the Cheon Shim Won prayer room, questions about where my relationship with True Mother is at, what are the walls that are blocking me, how do I get through it, etc.

Maybe it was my sincerity, but **every time I asked, I always received answers in my heart**. Like a gentle voice that guided me, or even if I didn't receive it right away, answers would be hinted towards me throughout the days. It almost felt like I was doing a scavenger hunt with Heavenly Parent, leaving me certain clues and hints within the activities we do throughout the day, and even conversations with my brothers and sisters.

During the workshop, it was hard to see the overall growth, but it wasn't until I graduated and came back home that I started to see the difference. I've been a full time CARP member since January 2023, and returning back to CARP after the 40 day spirituality workshop was impactful. **I felt a different type of confidence in myself, ideas, thoughts and inspirations felt clearer and stronger from the Heart**. Maybe it was because most of the CARP members joined the 40 day spirituality workshop, that our meetings felt a lot more efficient. Like

Of course there were certain challenges that came along the way, like carrying certain expectations for myself, or feeling burnt out. But in those moments, **I still felt Heavenly Parent and True Mother's heart that comforted me**.

To commit to what I can, and carry what I can handle, and to always go back to my intentions. With that, I found myself going to night vigils, not because I was asked to or told to, but with my own desires. To attend and hold events, and to go out witnessing, not because it's part of CARP's responsibilities, but because I want to give opportunities for others and myself to grow. I felt like a switch in my attitude. Just like how the Cheon Shim Won prayer room's light is always on, I felt like my heart of resonance was always on.

But what made me feel a calling to support the next workshop as volunteer came towards the end of my previous workshop.

Originally, I was actually thinking of not joining due to external reasons like missing thanksgiving with family, wanting to work on my career, and other personal reasons. But right after I had that thought, we ended the day with our last Hoon Dok Hae, with Mother's words saying :

"Are you going to live self-centered lives? Are you thinking only of your family and yourself? All of you, where are you standing? Are you standing on a life for yourself, or are you thinking of the future? Where do you stand, realistically speaking, at this present moment? There are so many things that we need to educate the people of the world about."

It felt like Mother physically came out and smacked me in the face with these words.

So I felt the strong urge to support Mother into supporting the future pure water. That even though I still feel incapable, the fact is that True Mother still needs me and many others to help support her in Heavenly Parent's vision.

And although there is only a few participants in this workshop, I feel that Mother's hope for them is even greater. **These individuals chose to respond to her calling, and I'm truly grateful that they have taken that courageous step to be here today**. And even to those who are volunteering, I'm grateful that I can be able to grow and learn along with them. I'm also grateful for the Cheon Shim Won staffs, who has been investing into workshops and taking care of Cheon Shim Won property, that because of their devotion, that we can have such Heavenly environment to grow our spirit self, that Mother always envisioned. And I'm also grateful to all of the blessed family members who come to join

our visions and thoughts were aligned because we ourselves were aligned with Heavenly Parent and True Parent's visions.

the night vigils either in person or on zoom, because of your presence, it encourages me to keep investing.

Regarding Holy Candle of Tree of All Things for 2025 Autumn CheonBo Special Great Works Prayer

Holy Candle of Tree of All Things has always been bestowed to members who came and attended the Autumn Great Works every year at HJ Heaven and Earth CheonBo Training Center.

The grace of this Holy Candle of Tree of All Things is to connect members with True Parents' **Heavenly Fortune (Blessing of All Things, witnessing, and conceiving children)**. Due to Great Works being available online, it was permitted for each region and nation to inherit Holy Candle of Tree of All Things to the members without physically coming to Korea. **We ask all leaders who are responsible to inherit Holy Candle to register for Great Works and then multiply it to your members at church.**

It is ideal for all members to attend the 2025 Autumn CheonBo Special Great Works and receive inheritance from their leaders during that time. However, for those who find it difficult to attend the ceremony at the time of the event, please inherit Holy Candle after the CheonBo Great Works in your local churches. **The condition to receive this grace is to register for the 2025 Autumn CheonBo Special Great Works.**

Method of inheriting to members after the CheonBo Great Works is explained below.

Period of Great Work: October 24 (Fri) ~ 26 (Sun), 2025

Period of inheritance: December 31(Sun), 2025 24:00

Grace: Together with grace of inheriting economic heavenly fortune that comes from victorious foundation of True Parents, it connects the fortune of restoring Cain-side children through witnessing and the fortune of multiplying Abel-side children as substantial offspring.

Preparation: New candle sanctified with Holy Salt (*Updated)

Holy Candle: Only 1 candle should be bestowed to each blessed family

Method: Inheritance of Holy Candle must be led by the leader, or official representative appointed by the leader.

1. Singing Holy Song
2. Gyeongbae
3. Leader lighting the seed Holy Candle and then offer a representative prayer
4. Inheritance of Candle Light: The leader will hold the seed Holy Candle and then members will receive the light from the leader. The light can be given via members and not necessarily only from the leader. (Only members who registered for Great Works can receive inheritance)
5. Closing Prayer
6. Eog Man Sei (representative)
7. Gyeongbae

*Please make sure to do the inheritance until **December 31, 2025**. If the ceremony takes place after this date then there won't be any grace of inheritance.

The grace of inheritance of Holy Candle is only available **for members who registered** for the Autumn CheonBo Great Works. Through Autumn Great Works, evil spirits that were blocking us from receiving the Blessing of All Things will be liberated enhancing the grace

of Holy Candle of Tree of All Things. (There are no specific holy matches for inheritance, so please prepare your own holy matches)

If the leader inherits Holy Candle to members who didn't register for the Autumn Special Great Works, then the grace that the leader was supposed to be receiving will be given to that member. For example, let's say that the grace of Holy Candle is 100 and when the leader inherits it to others who didn't register then 1 of the 100 will be given to that member meaning the leader will only receive 99 of the grace.
