Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father, Sun Jin Nim and Heung Jin Nim [in the spiritual world]:

True Father: "All perfection begins from true love. We should apply this formula to the entire world, centered on true love. It has to become so habitual that we cannot lead our daily life without practicing this formula. Wherever we may go, we have to live this way. When we see elderly people, we must love them as our grandparents; when we meet people the age of our parents, we must love them as our own parents; if we meet people the age of our siblings, we must love them as we would our siblings; when we meet children, we must love them as our own children. This way of treating people should be both, habit-forming and fun for us." [1]

Perfection of human beings means the perfection of heart and love. This can only come from exercising our heart, our love, day by day, whenever we are interacting with people, no matter who they may be:

Heung Jin Nim: "Exercise the heart in your actual practice, actual loving, actual reaching out. That is needed because if you just remain in your head, sooner or later you lose power Determination will not

save the world. Love will save the world." [2]

We need to try to see people as God sees them, and always strive to be a blessing to them, in one way or another:

True Father: "Don't look at things selfishly, but with a desire to give love. Look upon a person who hates you with love, and eventually he/she will change. Begin sending out messages of love to those around. Pull out your old vision and replace it with new eyeballs of true love." [3]

This way of life should not be a burden, but be fun for us, especially when we see ourselves growing and maturing, in heart, love and motivation. Heung Jin Nim wants to help us to reach higher and higher levels of heart and experience a lot of joy through that:

Heung Jin Nim: "... you have to really walk with me, feel me and let me come inside of you and be a part of you. And then look at the people through my eyes, feel the people through my heart and then even I won't be there, you will still feel like you were feeling through my heart, still feel as seeing everything through my eyes and then you know that I fulfilled my mission and you'll be really grateful because you will have reached this level of love and you'll be so inspired." [4]

By growing and maturing in heart and love we will find our true selves and get closer and closer to our true destination. We will become true peace makers:

Sun Jin Nim: "Do not think that you are too young or that you don't have the ability to change the world. Remember that what you think becomes your reality. So do not limit your mind, body, heart and soul. As a son or daughter of Heavenly Parent you share in God's infinite priority, goodness, vitality and unlimited life potential. Do not block your heart. Liberate your heart. Liberate your soul. Liberate your true self. Liberate yourselves to the power of true love. Then peace will start with you." [5]
