Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father and Heung Jin Nim [in the spiritual world]:

True Father: "If we have God's love, we are happy; we feel secure and fulfilled. With such love, though one may be in a low position, he or she still can love those in the upper class, and those who are affluent can love those in the lowest positions. In this way God's love is infinitely free." [1]

The more we develop a God-like love in our heart, the more we can see the people of the world as God sees them and can love them the way God does, with a love that is not limited.

God loves all people of the world as His beloved children, and He wants to save them all. He does not care who that person is, how rich or poor he or she is, what color someone has, what religion someone belongs to etc. God is far beyond such considerations. For Him we all are His beloved children, and He wants all of us to be in His embrace, for all eternity. He wants all of us to live in the ideal world that God has envisioned.

God wants us to be a blessing to as many people as possible. And this blessing, this love -- as God's love - - should be given freely, not only to certain people with a certain religion or a certain status. Our love should go far beyond that. And then we are unlimited, as God is unlimited. And then we are truly free, in this world and in the next. And by loving that way, having that vision, we are truly contributing to the world that God and True Parents dream of.

We, too, should dream of that world, and above all, make such a world a reality. We all have all the tools that are necessary to do that. The tools are in our heart:

Heung Jin Nim: "You must realize that in your heart you have all the resources. If you ask me, I will come to you. I am a very great teacher. I love to teach. I will show you, if you only ask... Call my name and I will come to you." [2]
