Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father and True Mother:

True Father: "Your perfection is the source of joy for the universe. That will truly be the ultimate good day. Jesus taught and lived this way." [1]

God as well as all creation are longing to see those who have perfected their love and heart, who embody God fully. After True Parents emerged, the way is free for all of us to become people in the image of God, to move toward full maturity of heart and love:

True Mother: "The model or example for fulfilling the ideal of Cheon Il Guk, a world of everlasting peace, is to follow and emulate what True Parents have shown us throughout their entire lives: practice the true love of the Heavenly Parent, in other words, live for the sake of others. By practicing this life principle, one can move toward individual perfection..." [2]

We need to make sure, in our daily life, that we reach higher and higher levels all the time. In a way, we need to pull us up to higher levels:

True Father: "No matter what it takes, we need to unite our mind and body, become the substantiation of true love, and then pull ourselves up to the stage of perfection." [3]

This is something that neither God nor True Parents can do for us. It is in our own hands, in our own heart:

True Father: "Even with God fulfilling His 95-percent responsibility for the perfection of human beings, you still have to fulfill your 5 percent. God does not make an individual perfect. You must complete your responsibility to achieve perfection." [4]

We may think that we can never achieve this, certainly not on this earth, but True Father is telling us different:

True Father: "You must seek after true love. You have to make true love your own. You have to witness the perfection of true love within your own life." [5]

Even if we may not be able to reach perfection during our life on earth, this should not stop us to strive to reach the highest level possible, because this level is what we take to the spiritual world, and this is our treasure when we arrive there one day. And then we can carry on perfecting ourselves on the other side, by cooperating with people on the earth, supporting them to reach perfection.

By striving to reach maturity of heart, becoming embodiments of God, we become the real peace makers:

True Father: "Each one of you, ladies and gentlemen, is the true beginning point of world peace." [6]

We are the true beginning point of world peace, as long as we strive to resemble God and True Parents. And by doing this, we contribute greatly to heal the world:

True Father: "The difficult problems that humanity faces can be resolved only through the perfection of true love." [7]
