

True Father: Unless I love everyone, I cannot represent God

Dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother and Heung Jin Nim (in the spiritual world):

True Father: "I have to love everyone, the good and the bad. Unless I love everyone, I cannot represent God." [1]

God as our divine Parents loves every human being, even the most evil ones:

True Father: "Many people accuse God, saying, "Look, God! Look at how evil that person is and how unworthy he/she is of Your love!" Yet, God replies, "Is that so? Well, I will still embrace him/her." That is the nature of our God, our Father.. We have to ask ourselves a question: how much do we resemble God, our Father?" [2]

In order to resemble and represent God, we, too, need to love the way God does. Otherwise we cannot really represent God and True Parents. But the more we represent God and True Parents, the faster the Kingdom of God will emerge:

True Father: "True Parents are the representatives of true love, who teach the way of true love. The teaching that they bring can uproot all the sins of history. When we practice it, we can finally achieve liberation." [3]

True Father: "Liberation comes to our world only when you members truly represent God and the True Parents to the rest of the world. When people in the secular world come into contact with you, they are actually contacting the True Parents and God; thus salvation can come to them. Their original minds, like antennae, are pulled toward you." [4]

The more we resemble and represent God and True Parents, the more people will be attracted:

True Father: "Wherever we go, we should be able to plant ourselves. We should become the manifestation of God's word. If you talk true love, but do not practice it, it doesn't work. No matter how beautiful the packaging, without feeling the vibration of true love from you, it will not work." [5]

We need to vibrate with the true love of God and True Parents more and more. Then people will be inspired:

True Father: "Through Hoon Dok Hae the word, the seed, is being given us. Now we have to germinate the seed and bear the fruit. That is our life, that substantiation that creates the new seed. That is the life of true love. The words we receive through hoon dok hae are not ours. If those words are not our own, no matter how much we try, people are not inspired. We have to embody the words through true love. Then when you plant those seeds that stem from the original seed, people will be inspired and moved." [5]
Sunday morning message, East Garden, 26 Nov. 2000

True Parents want us to vibrate with the love of God, just as they do. They want us to vibrate with a love that loves the people of the whole world:

True Father: "The Unification Church is the church of vibration, the vibration of true love. You did not come here for the sole purpose of singing "Happy Birthday" to True Parents. I don't want you to come for that. I want you to become somebody. Become a Moonie of true love vibration. From today, as a birthday gift take back with you the vibration of true love. You are starting to vibrate today for the sake of the world. " [6]

The more we vibrate with the love of God, the quicker the culture of heart will be established:

True Mother: "Our original mind needs to resonate with Heaven and then the culture of heart will be realized." [7]

We are all created to become people that resonate with Heaven. There is no exception. We all have the potential. We just need to develop it, by constant practice, while asking those for help that can help:

Heung Jin Nim: "I know about your prayers. I know how you pray to be able to understand love, how you've been praying to understand the heart of True Parents and yet you always seem to be up against a wall, a dead end. You can't break through. I understand that. But now I am here and help you in that area. I am here and as you open up your heart, even open up your eyes to me then I can be able to speak to you deeply and as I speak to you deeply you can be transformed.

And as you can be transformed, because you begin to think as I think, as you think as I think then you will realize and you will be able to realize deeper and deeper levels of love and you will be able to understand True Parents as a true son and as true daughter." [8]
