Dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother and Heung Jin Nim [in the spiritual world]:

True Father: "The absolute values of true love that I am teaching you today will bring a revolution of character within humankind. Those who follow my teachings will achieve individual perfection and participate in the construction of the ideal of Heaven on earth." [1]

At the time of the fall, the heart of men and women got corrupted with selfishness and false love. People became unable to resonate with God's heart and love. They found themselves on a completely different wave length from that of God. They resembled Satan much more than God.

They were dominated by self centeredness, based on fallen nature, which is characterized by arrogance, resentment, hatred, etc.. And because of this, history of mankind was conflict ridden, up to this day. Instead of living in heaven on earth and in the spirit world, people came to live in hell on earth and in the spirit world. People exploited and killed each other, up to this day. The whole world is suffering and people do not see a way out.

People started revolutions to make things better, but these revolutions did not change the human heart. And so hell on earth continued. The simple truth is that we cannot expect a better world, an ideal world, to come about as long as the roots of this evil world are not uprooted, as long as the heart of men and women is contaminated by false love and selfishness.

To uproot evil in this world, we need a spiritual revolution based on God and God's absolute values of true love. We need a revolution of heart, and all of us can participate in that. We all can be main players. We do not need a revolution with bullets and swords and rockets, but a revolution of character, a revolution of true love, that leads all of us into total oneness with the heart of God, that leads us all to become true sons and daughters of God, in the full image of God. That is the only thing that can liberate this world from darkness and suffering, once and for all:

True Father: "In order to restore this tragic history back to its origin, a new revolution is necessary. This revolution cannot be accomplished by a political strategy, nor economic or social reform. More than anything else this revolution is only possible through the revolution of our fundamental consciousness. It should be a new revolution of love, centered on God's love." (2)

And the greatest gospel is that this revolution is already on the way and spreading everywhere in the world:

True Father: "Today we are having a revolution to break up all the boundaries of the universe. It is our

task to spread it [love]. In the end only love will remain strong and prosperous." (3)

True Mother: "Let us constantly strive to spread true love. Let us sow the seeds of true love throughout our lives." (4)

True Mother: "We do not need arms, we do not need knives... Let us practice true love. Let us spread true love. Let us spread the blessing!" (5)

How do we participate in the true love movement, that True Parents have started? By going forward in our heart, revolutionizing ourselves, becoming people that the world has never seen before:

True Father: "You must make daily efforts and struggle to overcome the limitations of your heart. That is what we are here for ... what we are doing is as permanent as a rock." (6)

Heung Jin Nim: "It is your job to go forward, and this is not just an external responsibility; it is not just obedience to Father's latest project. It is going forward in your hearts..." (7)

We can become really successful people if we have the right focus in our life:

Heung Jin Nim: "If you don't have the right heart first, all the organization in the world won't make any difference. The heart is the most important thing, the heart. What is your heart? What is the content of your heart? What is the level and depth of your heart? What is the level and depth of embracing people and feeling responsible?" (8)

The conclusion is that we need to grow quickly, which means grow in heart and true love:

Heung Jin Nim: "...the inner content of your heart is what is going to bring the great success. We will make our mistakes.....But if your heart is there, God will guide you. We cannot do everything perfectly, but if you come into that direct dominion of heart, the dominion that some of you felt you weren't capable of, then so much can happen." (9)

We may have felt unworthy, we may have felt impure, we may have felt we are only a burden to God. We may have felt guilty, we may have beaten ourselves up. However, these are the devil's tricks and we can rise above them.

We all can grow into the dominion of heart, getting rid of fallen nature. We all have the potential, and we all can reach higher levels of heart day by day. God has given us that potential, and He wants to see us believing in it and developing it.

God is not accusing us, but He is cheering us all the way as we go forward in our heart. He will help us in the process, if we ask Him to do that. He will guide us so that we can find the way forward in our heart, so that we can resonate with Him all the time.
