

True Mother: True love can serve as the basis for conquering even hell

Dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother and Heung Jin Nim [in the spiritual world]:

True Father: "The first measure of value in the kingdom of God is love. It is not life, but love. That love is unique, unchanging and eternal. Based on this standard, all value is decided. Since God holds that highest standard, it has very naturally become the decisive standard. When God says, "That person is a man/woman of character," or "He/she is a valuable person," His assessment is based on this standard." [1]

Since love is the purpose of creation, it is no wonder that love has the highest value. No wonder that love is supreme:

True Father: "Love holds supreme value. Once you have true love, even God will follow you, the world will follow you, everyone will follow you. Once you stand in love's place of honour, all creation will follow you." [2]

The more we develop true love in our heart, the more God will be excited. He will want to follow us,

support us. He cherishes the beauty of a heart of true love more than all of creation:

True Father: "God desires to travel the world of the human heart, with all its inner beauty, more than He desired to create heaven and earth." [3]

By becoming people of true love, we will rise far above all the barriers that Satan has established in this world, like national boundaries, barriers of religion, ethnicity, culture etc. We will see with God's eyes, who does not care about all those boundaries, which are only Satan's tricks to keep us under his dominion.

In order to unite the world and overcome all conflicts, true love has to become the center of this world, which means that everyone has to become a person of true love, an original person, a person in God's full image. Without this revolution of heart, the world cannot progress very much:

True Father: "Through my own life experience I have come to know with certainty that God is real, and that the most important thing in life is true love. Human progress can come about only when we cherish God and give love the highest value." [4]

The world has to know God and, like God, give true love the highest value. Then real progress is bound to come. Otherwise the world will remain in conflict and suffering.

But with true love even the worst hell can be conquered:

True Mother: " True love can serve as the basis for conquering even hell. When you come to possess true love, all sorrows and pains transform into joy within that true love. In other words, true love is the desire of the original nature of humankind, which remains as an absolute authority that is greater than any authority asserted through power, knowledge or money." [5]

The great news is that the revolution of true love is already on the way. All of us, by breaking down barriers in our heart and overcoming wrong concepts about who we really are, can participate in it, making it a great success:

Heung Jin Nim: "Many of you have a concept about yourself which is so limited. So limited!... I want to kick you, and make you realize that there is a new realm that is open, and that the time of growth is here. It's not the kind of person you always thought you were; something new has opened, and you can be a person you never even imagined...

It's not what you know that's going to change this world, it's what you can become as a man and a woman following our True Parents. That's the inheritance. They want you to inherit their very heart...." [6]

Satan always tries to put us down, to make us lose hope. He always wants us to believe that we cannot reach much higher levels of heart. He always wants us to believe that we are stuck at our present level. Heung Jin Nim tells us to realize who we really are and to change the limited concepts we might have about ourselves:

Heung Jin Nim: "As much as you can I want you to understand you're not who you think you are. The person you really are is trying to be born right now." [7]

He encourages us to grow up to our true stature instead of thinking that that is not possible:

Heung Jin Nim: "Take control of your lives, my brothers and sisters... Grow up to your true stature, as God's sons and daughters. Take responsibility for the providence." [8]

Heung Jin Nim: "You must grow quickly. Incredible things are possible. Your heart is the key. Imagine your heart, peel the layers off of your heart quickly!" [9]

Growing up to our true stature means to bring our inner potential of heart to fruition. It means to always check our inner self to find out what the limitations of heart are that we need to break down in order to more resonate with God. It is basically about reaching our true self, free from fallen nature, our original self that can love as God loves:

True Father: "We must find the original heart. That is more crucial than anything. If we focus on the heart we can go beyond anything in the world." [10]

True Mother: "As we work toward opening of the Cheon Il Guk era, you must be able to find the perfected, original mind while carrying out your own responsibilities." [11]

In whatever we are doing, we need to make sure that we are breaking the limitations in our heart, cultivating our heart all the time. Otherwise we may do a lot of things, but forget the main thing, which is to become the people whom God wants to see, people who resonate with His heart, His love, His vision and mindset.

As long as we keep that as our priority, everything else will fall into place. We will be successful in whatever we do, and we will feel deep fulfillment in our heart.
