

## True Father: Liberation comes to our world only when you truly represent God and the True Parents

Dear brothers and sisters,

Here again some inspiration based on the words of True Father and True Mother:

True Father: " With God's love as the absolute value, we of the Unification movement will love all the people of the world even more than our own parents, brothers and sisters, thereby establishing a united world and realizing the kingdom of heaven on earth. With this, the creation of the new world that God and humankind have been longing for will be perfected. Only with God's love can we achieve true and lasting peace and happiness." [1]

Since the fall of man, people live without knowing God. They live without knowing the heart of God, which is the heart of true parental love. And they do not know that we are supposed to become people in the image of God, expressing the heart and love of God to all of humanity. Nobody thought that would even be possible.

All this is the reason that throughout human history human beings followed wrong values, wrong principles, wrong ideologies, even God denying ideologies. They followed selfishness and resentment, hatred and retaliation. The result is the world we see, a world lost in conflicts where hardly anyone has hope for the future of this planet.

As long as we follow wrong principles, the world cannot get healed. The world can only be healed if we follow God's principles, God's ideology, the logic or principles of true love. Then a true love revolution can come about, and only this will heal the world, and nothing else:

True Father: "In order to restore this tragic history back to its origin, a new revolution is necessary. This revolution cannot be accomplished by a political strategy, nor economic or social reform. More than anything else this revolution is only possible through the revolution of our fundamental consciousness. It should be a new revolution of love, centered on God's love." [2]

And for this revolution to come about, we need to strive to perfect our heart and love, to inherit God's vision and embrace the people of the world unconditionally, good or bad equally. Just as God, we cannot be limited by concepts of nationality, race, colour of skin, religion or culture. For God we are all His

beloved children, and that is the way we, too, need to see it and feel it in our heart. We need to love them all, rich or poor, educated or uneducated, lovable or unlovable. Everyone is God's beloved child, even those that are currently walking on wrong paths, giving God a big headache. And we need to see them as such. That all contributes to the perfection of our love:

True Father: "All the difficult problems in the world now can be fundamentally solved only through the perfection of true love." (3)

By us rising to the level of unconditionally loving even those that go against God, the world will come to God's side and world peace will be achieved:

True Mother: "True love is to love even someone who seems impossible to love, and thus, in true love you have no choice except to love even your enemies. Furthermore, true love is the sacrificial love of even giving one's own life for others. Therefore, in true love the antagonisms and conflicts among individuals and among societies or nations are completely transcended and dispersed. With true love we can achieve true peace." (4)

True Mother: "Once you profoundly experience the Heavenly Parent's true love and come to understand His sorrowful heart, you cannot help but demonstrate an attitude of true love and filial piety. With such a heart, you cannot help but say, "I will take care not only of the Unification family, but also the entire world." True Father, who is in the spirit world, and I, here on this earth, are deeply concerned and anxious about the salvation of this world. If you really know our heart, you must be able to arm yourself with true love and true wisdom and go out into the world so that True Parents can transform this world through you. I pray that FFWPU members and all Blessed Families come to possess an explosive love which can embrace and love the entire world." (5)

The world needs to be restored through those that participate in the true love revolution that True Parents started and continually push forward, without stopping, relentlessly. And we all need to represent that heart, that yearns for the salvation and liberation of the whole world:

True Father: "Liberation comes to our world only when you members truly represent God and the True Parents to the rest of the world. When people in the secular world come into contact with you, they are actually contacting the True Parents and God; thus salvation can come to them. Their original minds, like antennae, are pulled toward you." (6)

The world will be liberated when more and more people represent the heart of God and True Parents. Then God can exercise His maximum power, breaking down all evil in this world. By representing the heart of God and True Parents, our life becomes incredibly precious, and we will have a great impact on the future of this world. We will move God to tears.

Love from Bruno
