Dear brothers and sisters,

Here again some inspiration, based on the words of True Father, True Mother and Heung Jin Nim (in the spiritual world):

True Father: "The utmost truth can be strongest and have dominion over everything. The truth has a certain limitation, however. It can know and rejoice, but it can never lead you into the highest joy. Only when your love becomes true love on the foundation of absolute truth will nothing bother you. Would you like to live where truth is, or where true love is?" [1]

When studying the Divine Principle, we see that God wants all of His children to become one with Him. To be one with God means, to inherit His heart, dreams and vision, as well as His ways of thinking. That makes sense, because God is our Heavenly Parent, and parents always want their children to inherit everything from them. They even want their children to become better than them. That applies also to God. Just knowing all this is not enough, though. The question is if we really believe it, if are really convinced of that, not just in our intellect, but deep in our heart:

Heung Jin Nim: "And you need to move into a new realm of belief in your deepest heart. Please understand. Belief is in the heart. Your heart needs to open so deeply." [2]

We need to open our hearts to who we are supposed to become. We need to feel it "down to our toes". We need to leave narrow concepts about ourselves behind. These concepts are the result of Satan brainwashing people throughout history, making them slaves who believe that they are supposed to be in that position:

Heung Jin Nim: "We don't stand up and say, "I'm the Son of God! I'm the Daughter of God!" Maybe in our minds we don't know that, but in our hearts we have to stand, and realize that that's true, and when we say it, feel it down to our toes!" [3]

It is not what we know that will make the big difference, but what we become, based on what we know:

Heung Jin Nim: "Never forget that. It's not what you know that's going to change this world, it's what you become as a man and a woman following our True Parents." [4]

We need to realize that we are supposed to become the people in the image of God. It is not just about some vague "changing" ourselves. It is about "becoming" someone who we might have thought we can never become.

To become such people, we need to think about ourselves the way God does it. God does not just see us as believers or followers or members of this or that. That is not how God sees us. He sees us as those who are fully capable to become like Him, and He wants us to make that a reality. He wants us to revolutionize ourselves, starting with how we see ourselves. He wants us to see our divine potential just as He sees it. And at the same time He wants us to make use of it, develop it in daily life.

Everything depends on how we think about ourselves. Our thinking determines our reality. If we think we are just sinners whom God cannot use, then that becomes our reality. If we think we are the sons and daughters of God with divine potential, then that will become our reality. And that will have a huge impact on ourselves and on the world. Then we will resemble our God and True Parents and realize their dreams, as well as our own dreams:

True Mother: "Please become sons and daughters that resemble True Parents and realize their hopes. This is the way to give blessings to our descendants in the future." [5]
