Dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother and Heung Jin Nim (in the spiritual world):

Heung Jin Nim: "Your capacity to love is far greater than you know, far greater than you dream." [1]

God created as us His sons and daughters with the potential to develop our heart to the extent, that we reach the level of God's heart. That makes sense, because God wants us to become like Him, in fact, even better than Him, with regards to love.

If the fall would never have happened, then, of course, everyone would reach maturity of heart (perfection) at the end of the growth stage, that is at an age of about 20. If our first ancestors would not have committed the fall, they would certainly have reached perfection at that age.

It is not as simple for us, because through the fall we came to inherit the fallen lineage and the fallen nature. And as history progressed and people acted on their fallen nature, people hurt and killed each other. And all this resulted in a lot of resentment etc in the heart of people. All this accumulated resentment and hatred is not increasing our ability to love, but rather increases our ability to hate and to resent. Thus it strengthens our fallen nature.

People have gotten so used to this fallen nature, that they cannot see a way out. They often consider it as normal or human. Through the Blessing given by True Parents we get rid of the fallen lineage, but still the fallen nature is there.

Our job is to get rid of our fallen nature, thus purifying our heart and rising up to the level of God's heart. Unfortunately it is hard for many to believe that that is possible.

True Parents did not come into the world to remain the only ones who rise up to the level of God. That is certainly not what they want. They rather want us to understand and realize that we are supposed to move into that direction, too. They want us to see our own potential and to substantialize it. That is the way God's ideal can come about, not by magic power but by a change of heart, by expanding our heart and love to the level of God's. That is what God and True Parents want. They want revolution, revolution of heart and love:

True Father: "The most important thing God wants me to do is to resurrect or recreate or reform the hearts of the people, and make them heavenly people. I came to bring about reformation of the heart.[2]

God and True Parents simply want us to become heavenly people, people who can love as God, people who can love the enemy. To get there, of course, requires our own effort:

True Father: "You must make daily efforts and struggle to overcome the limitations of your heart. That is what we are here for. What we are doing is as permanent as a rock." [3]

We need to break down the limitations of love in our heart, the limitations that block us from loving people no matter how they behave. And this requires a constant training. And God certainly provides this training, particularly if we are serious about heartistic growth. And in this training we will reach our limits, but that should not discourage us. That is normal. We need to keep at it, until one limit after the other is broken down.

The limits that we realize in ourselves should not discourage us, but they should rather show us in which direction we need to go to overcome these limits once and for all and thus to reach a higher level. Many times we might feel we cannot do it. At those times we need to figure out what keeps us from overcoming a certain barrier. We need to prepare for the next situation where we are at the same limit. And then we have another go. We might fail again, but if we keep at it, we will break the barrier, and then we are on a higher level of heart.

It is certainly recommendable to ask God, True Father, Heung Jin Nim and Jesus for help in this process.

Heung Jin Nim: "I know your frustration and your problems and your agony, that you have not been able to love enough. I know that each of you feels that limitation of love, you feel that you are impure, you feel that you can't break through, you feel that you want to love brothers and sisters but you can't do it. And I want you to know that I have come here to guide you in the ways of love of the True Parents. I have come here to take you by the hand and as I said also by the heart to the heart of our True Parents.

Many times you feel you can't do it, but if you can open up your heart and if you can have that faith to open up your heart and let me come to you then I can lead you to that love. I can lead you there because I have been able to go there myself. I was able to go there myself because I was able to be in the presence of True Father and True Mother so much." [4]

We all have to become heavenly people. That means that our hearts need to resonate with God's heart:

True Mother: "Our original mind needs to resonate with Heaven and then the culture of heart will be realized." [5]

The culture of heart will come in this way, by more and more people becoming heavenly people, until the whole world, including the spirit world, is heavenly.

Love from Bruno
