

**Sun Jin Nim: True Mother has lived her entire life with a clear vertical attendance to our heavenly parent**

Dear brothers and sisters!

Here again some inspiration, based on the words of True Father and Sun Jin Nim:

True Father: "So please do not think that your effort today must be recognized in the next hour, tomorrow, or the day after tomorrow. Do not become a small person on a short scale. You just continue your duty, your true way of life, in a wholehearted way for ten years, for twenty years continuously; without thinking of the fruit." (1)

Living according to the Divine Principle is the true way of life. It means to live according to the logic of true love, loving God and mankind with true love, dreaming God's dream. This is not something that we can try out for some weeks, months or even years, and then give up, just because we might not see the fruits we might have expected. Rather we cannot be depending on the response of people or any other fruits. If we are, then we are not loving God and humankind unconditionally. Then our heart and love are not true.

Either we live the true way of life during our whole life, or - if we stop at some point - we have not lived the true way of life in the first place. The true way of life does not change midway, simply because true love is unchanging, and true love is the core of the true way of life:

True Father: "We should be people whose hearts are aligned with God's heart. If God yearns for the eternal ideal centered on His eternal purpose, our hearts must be one with His for eternity. It is not enough if our hearts are aligned with Him for ten years but then lose that alignment. Our hearts must be eternally aligned with the eternal God." (2)

Our True Parents, as well as Jesus, are the best examples for living the true way of life. They have loved God and mankind all their life, and that has not changed no matter what. They went through so many incredibly difficult times, but they never gave up loving God and mankind. They kept going, no matter how people treated them:

Sun Jin Nim: "She (True Mother) has lived her entire life with a clear vertical attendance to our Heavenly Parent. Her responsiveness to Heavenly Parent's providential Will has been the constant thread that runs throughout her life."(3)

Of course, our True Father lived just like that as well. And Jesus did, too. And they are still doing that and will never change.

True Parents want all of us to live like them, with the same heart, a heart that does not change midway, a heart that is needed to walk the true way of life, without ever giving up. They want us to nurture our heart throughout our whole life so that it can grow throughout our whole life:

True Father: "You have now received the holy Blessing from the True Parents, who have been crowned as the world's King and Queen of Peace. You have inherited the true lineage, and you have received the seed of true love. Please never forget that you are to spend the remainder of your life on earth nurturing this seed so that it will blossom and bear fruit." (4)
