

Because of love, you can rescue a world that is in decline. True Father

Dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother and Heung Jin Nim (in the spiritual world):

True Mother: "God's true love is love that forgets it has invested, so it invests again and again and again. If the memory of giving remains, then love cannot flow freely and endlessly. Because love moves endlessly, one cannot hold onto the memory of having given. Even if one gives again, love continues to flow because the memory of giving does not remain." (1)

True love means to keep investing, no matter how much has been invested before. True love never stops and never changes. It gives to friends and enemies alike. It gives to people who "do not deserve it". It gives in a way that resonates with the heart of God. It is the strongest force and impacts the world around us and the spiritual world. It advances the providence. It achieves real restoration. And it keeps us humble:

True Mother: "When we give and forget, true love flourishes. We do not run out of love by giving it away. Quite the opposite. True love is a spring that flows in ever greater abundance. When walking the path of love, even when you give something precious, you feel that you did not give enough. Living with true love does not make one prideful. If anything, one feels sorry for not being able to give something even better." (2)

Practicing true love leads to growth of heart and character:

True Father: "Live for the sake of others. Invest yourself with true love and forget what you have invested. Practice this and you will perfect yourself as the owner of love. You will gain the authority of a subject in relating to others, and they will willingly submit to you in response." (3)

Jesus practiced this kind of love, just as True Father and True Mother always did and do:

True Father: "True love is giving and forgetting and still wanting to give. False love is giving, then demanding what was given plus interest. Jesus Christ came to earth and said, love your enemy! That means he forgot what he gave. He even forgot his enemies. He only remembered to give love. Forgetting his enemies and only wanting to love is the image of the ideal human, which the whole cosmos is longing for. Jesus Christ came with this heart, that is why he was the son of God." (4)

True Father, True Mother and Jesus are masters in forgiving their "enemies". We can do this as well and thus move the providence. Nothing can stop us to repent for tyrants who attack other nations and oppress their own population. Nothing can stop us to repent for their crimes, to ask God to forgive them, to guide them to the light and bless them. That is certainly a great way to love enemies that are hated and cursed by almost everyone. That is a great way of contributing to bringing about world peace and finally the world of the heart that we all are longing for:

True Father: "Because of love, you can rescue a world that is in decline. Only when you inherit the tradition of true love, which is based on living and sacrificing for the sake of others and on a heart of unconditional love and service, can this world's decline be brought under control. This is the rule of Heaven." (5)

True Father: "We are to love our enemies. This is the secret method of breaking Satan's walls that surround us. The realm of equality has never existed in this world. The way to create this is to make those who strike us surrender by sacrificing for them, loving them and praying for them. By giving them the same blessings that we have, a realm of total equality will come into being." (6)

Are we able to do this? True Parents are convinced that we can do it, and we should be just as convinced:

True Father: "The couples I create will march forward as flag bearers who can love their enemies. Together they will become princes and princesses of God. This is the exciting life we live." (7)

That is exciting indeed. It attracts so much value to our life, and victories are ahead, as long as we practice unconditional love:

Heung Jin Nim: "Unconditional love never ends....The victory of love can only emerge, if love is unconditional." (8)

And that means that we never expect a direct return, but just keep investing, just as God, True Parents and Jesus do and did. We can do the same and thus give great happiness to God and True Parents, while impacting the providence greatly. Our life will certainly not be meaningless, but of greatest value.
