Dear brothers and sisters,

Here again some inspiration, based on the words of True Father, True Mother and Heung Jin Nim (in spirit world):

True Mother: "After we complete our physical lives, we will ascend to the spiritual world. In that place, we are not measured by our wealth or power. We are measured simply by our capacity for true love and the extent to which we lived our lives on earth in service to God and humanity." (1)

Our lives on earth are for the purpose of developing our hearts to the level of God's own heart. That is our most important job during our physical life on the earth.

Adam and Eve would have reached God's level of heart if they would not have gone into the wrong direction. After their fall it was impossible for everyone to reach God's level of heart, since everyone was in Satan's lineage. Jesus came to end this situation, but he was murdered. His plan was to establish True

Parents and then to engraft everyone into God's lineage. But this plan was nullified, and his second coming became necessary.

Now, since True Parents emerged on earth for the first time, the green light is given for each one of us to reach higher and higher levels of heart and love, to become God-like, to become the visible God, as True Parents and Jesus already are. But they are just the first ones to reach that level. We are to follow in their footsteps:

True Father: ""No matter how difficult it may be, you should inherit our True Parents' tradition to be patient and overcome with true love. You cannot harbor any hatred or grudge. There is NO WAY you can, because God and True Parents have not done that. You should exactly follow True Parents' footsteps ... I am telling you this is the way to go. This is my most important teaching to you today on this Day of Victory of Love." (2)

Just as True Parents, we need to be patient, persevere and go forward with true love in our heart, true love for God and mankind. We cannot go around with hatred and resentment in our heart. That will only slow down or block our spiritual growth.

Instead, we need to believe in the potential of love and heart we have and bring it to fruition:

Heung Jin Nim: "Your capacity to love is far greater than you know, far greater than you dream." (3)
