Dear brothers and sisters!

Here again some inspiration based on the words of True Father, True Mother and Sun Jin Nim:

True Father: "You will only deserve my attention by totally loving the world and the universe. My central teaching is this: As much as you love me you must equally love the world, mankind and the universe." (1)

True Parents love all mankind with the heart of God. They express the true parental heart of God fully. True Father expresses the masculine aspect of God, while True Mother expresses the feminine aspect of God.

It is natural for parents to want their children to be better than them. That certainly applies to God and True Parents as well. Since God and True Parents are loving the whole world, they will be very happy if we do the same:

True Father: "I want to see love in you that is not self centred, love that branches out to embrace your family, society, nation, world and God. As long as we have the right spirit of love it doesn't make any difference whether the World Mission Center, the News World Building and Belvedere are all blown up and nothing remains. With the right tradition we have everything. This is the only thing we want to keep and hand down from generation to generation." (2)

True love for God and mankind is the right tradition that God and True Parents want us to practice and

pass on to others:

True Father: "Are we here for the sake of the Unification Church or for the sake of heaven and earth? The Unification Movement exists solely to serve God and mankind. That is the way God thinks, and that is the way we must think." (3)

God and True Parents are always thinking for the sake of humanity, for the sake of the providence and want us to do the same. They want us to serve God's providence:

True Mother: "As we stand in front of God, we are not evaluated by our title or the name of our religion, but by the quality of our hearts and by the quality of our efforts to serve God's providence." (4)

True Mother: "After we complete our physical lives, we will ascend to the spiritual world. In that place, we are not measured by our wealth or power. We are measured simply by our capacity for true love and the extent to which we lived our lives on earth in service to God and humanity." (4)

True Mother is indeed on the forefront of serving God and humanity, united in heart with God and True Father. That is very obvious. Sun Jin Nim testifies to that with wonderful words:

Sun Jin Nim: "She (True Mother) pours out her heart and soul, loving and giving her life-force to all living beings on earth and in heaven. She is out in front, leading the march toward victory for the sake of providence. She works with intense passion to complete this mission so all future generations can be liberated, and learn to live in joy, peace, and prosperity.

So, I ask you all, as true filial sons and daughters of True Parents', to help lead the charge and to be victorious in your respective areas of responsibility. It is only in this way that our True Mother and True Father can be completely liberated. It is up to each one of us to take full responsibility to usher in one unified peaceful world under Heavenly Parent. I have no doubt that we can do this!" (5)

We all can become historical people, as long as we contribute to making God's and True Parents' dream a reality:

True Mother: "A dream centered on yourself has limits. Yet, if you understand Heavenly Parents' teachings and expand your dreams accordingly, you will become historic figures."

Love from Bruno
