

The greatest Breaking News ever ! – TRUE PARENTS are on the earth !

God has long been waiting for the time that **TRUE PARENTS** would emerge on earth so that we can inherit this Great Blessing !!

Adam and Eve should have inherited the love of God, become True Parents and thus become the origin of the Kingdom of God, the ideal world of love. But they failed, inherited Satan's false life, false love and false lineage and thus caused a miserable history.

When Jesus came he was NOT supposed to die on the cross, but to find that perfected Eve together with whom he could have become the True Parents of mankind. Jesus and his bride - as the second Adam and second Eve – were supposed to show the world how to build ideal families. They were to become the **origin of the Kingdom of God**. However, because of the disbelief of the people, Jesus had to go the way of the cross. He had to come again because he never had a chance to find his bride, to be the True Parents of mankind and thus to establish God's Kingdom. Therefore True Father (**Father Moon**) – anointed by Jesus - had to come as the **Lord of the Second Advent, the Saviour and third Adam**. And he had to find his bride, the third Eve.

Now True Parents are on the earth! They have inherited the love of God. They love all mankind the way God does! They fulfill the hope of ALL religions. Through them, for the first time, true love, true life and God's lineage come into this world. True Parents are the corner stone of God's Kingdom. Through them, by the grace of God, all humankind can achieve oneness with our creator! Rev. Moon told us, "We can no longer postpone or prolong the fulfilment of God's wish. January 13, 2013, will be the actual beginning of God's Kingdom of Heaven on earth." (<http://www.familyfed.org/news/index.php?id=148&page=5>).
