Anyonghaseyo, dear brothers and sisters!

Here again some inspiration based on the words of True Father, True Mother and Heung Jin Nim:

True Father: "What is a true man [woman]? The true man [woman] must know the truth, and by the truth he/she must attain a God-like personality. "

Those who know the truth of Divine Principle, understand that we are supposed to reach perfection of heart and love. And they understand that this level of heart and love can only be achieved by applying true love in our life, thus expanding and deepening our heart and love all the time.

Knowing all this is pointless, if it remains a theory in our head. If we do not apply this knowledge to BECOME the truth, BECOME love, attaining a God-like personality, then we remain on the level we are at or even slide back. Then we certainly do not approach and reach our destination, which is to become people in the very image of God:

True Father: "God's Word exists for the purpose of creating a substantial being, but love cannot appear if the substantial being cannot reach perfection. We can find no path of harmony until we become perfected, substantial beings." [7]

It is pretty easy to get caught up in all kinds of things, being very determined to achieve all kinds of goals, do all kinds of projects and lots of activities. These things are certainly precious, but they alone do not get us to perfection of heart. After a while we may even feel empty and burnt out:

Heung Jin Nim: "So you've been very stubborn and determined in the past, and not giving up in terms of your responsibilities. But now you need to make a determined effort, ten times that determined in terms of reaching into yourselves. That is why sometimes you felt empty because your determination was more external, but not internal." [2]

To get to our goal of attaining a God-like personality, we need to "reach into ourselves". Our determination has to become much more internal than external. That means that our focus has to be to broaden and deepen our heart, to break the limitations around our heart. We need to push ourselves to love the way God does in every encounter with people, friends and enemies alike.

That means we need to invest our heart in everyone we meet, no matter if that person is friendly, arrogant,

aggressive or hostile. And we need to be unconditional, not expecting anything in return, and keep investing without ceasing. If we do that while doing all the other things that we have to do, we belong to Heaven:

True Father: "When your heart is pouring out love for humankind, and you have the mind to share your life limitlessly with mankind, it is clear that you belong to heaven." [3]

Loving mankind does not mean to travel to all countries of the world. It simply means to love everyone that comes across our way. That can be a sales person in the market, a bus driver or the postman. In the very short time we encounter them, we need to find a way to express love to them, with the motivation to touch their heart. Even just a smile can do the trick.

Important is to always keep up the desire to move the heart of people by our love, in one way or another. Even the smallest outpouring of love can mean a lot to a person who would not expect that.

And if we see that person as the representative of for example a nation, a race or a religion, we have loved that nation, that race or that religion as a whole. That makes us real peacemakers, based on heart and love.

Loving all people in such a way, not depending on how they respond, means to apply the truth to attain a God-like personality. And that makes us true men and women, living a true life of true happiness and blessings.

True Mother: "We should live a life of absolute true love. True love is a love by which we continuously live for others, investing in others and forgetting we have done so." [4]

True Parents and Jesus have continuously lived such a life and they have never wavered and will never waver, because true love does not change:

Heung Jin Nim: "Open up your hearts and really embrace each person and don't let anything hold you back from loving the people. That's how my Father lives. He just loves everybody, even the people that hate him, even the people that attack him, even the people who hurt him. My Father just keeps loving them..." [5]

Everyone who loves in such a way is loving the way God does! Such a life of love is breaking down all boundaries between nations, religions, cultures, races etc.

And the people that we meet can experience God and True Parents through our personality:

True Father: "Each of you should be an individual through whom the True Parents are shown to others" [6]

Only by us striving to become people in the image of God can the world become the ideal world of God's design. Because the ideal world is the world of people in God's image.
