

True Father: Happiness overflows in the person who has love

Anyonghaseyo, dear brothers and sisters!

Here again an inspiration, based on the words of True Father, True Mother and Heung Jin Nim:

Heung Jin Nim: "Being unconditional means not to expect any reward. You can only grow when you demonstrate unconditional sacrifice and thus fulfill your portion of responsibility....." [1]

Unconditional giving, unconditional love, is something that people normally do not understand, let alone practice:

Heung Jin Nim: "Some people think, "I loved you, why don't you love me?" or "I gave you a present, why don't you give me one too?" or "You do not talk to me, I won't talk to you either." This is almost a formula of how people think, yet it is one of the main problems in man." [1]

It is indeed a major problem all throughout history. Human beings lost God's way of thinking, and instead of learning to love unconditionally, they learned to see the other human being as someone to get something from, to exploit. That is Satan's mindset.

Even when it comes to relationships of love, people want to GET love, rather than to GIVE love.

People at best want to give after they get something. Most likely only to get more. And if they get nothing, they do not want to give.

And if people are offended or hurt, they want to take revenge, with no thought of investing love into the people who have hurt them.

This thought pattern has led to all the conflicts in history including all the conflicts we see today on every level. It is just too obvious where all the trouble comes from. It comes from the wrong way of thinking, not applying God's way of thinking and loving:

True Father: "If you are ready to receive nothing in return then you become like God, because God is always giving out love with His whole being, getting nothing in return. That's the point where godliness starts." [2]

The True Love Movement that True Parents have started must therefore be based on a completely opposite thought pattern. It must be based on unconditional giving, unconditional loving, towards everyone without exception. And that certainly includes people who oppose us, who hurt us etc.

We simply need to invest love into everyone and forget what we have given, and invest again. That is the character of true love:

True Mother: "True love is a love by which we continuously live for others, investing in others and forgetting we have done so." [23.9.14]

Indeed! We need to make effort to love and embrace everyone, no matter if kind or unkind, rich or poor, different in opinion or not, etc.. We need to make a determined and conscious effort, a permanent effort. Not an effort for just few days.

If our unconditional love is not forever unchanging, then it is not in line with the love of God, and we cannot make real victories of love. And the blessing of God cannot really come to us. And on top of that we are not a True Love Movement, and thus cannot change the world into God's Kingdom. Because only true love, that is in line with God's love, can build the ideal world:

True Father: "All the difficult problems in the world now can be fundamentally solved only through the perfection of true love." [3]

We may think we are not able to perfect our love. But everyone can make a conscious change of his or her thought pattern, switching to become unconditionally loving and giving, never changing course.

If True Parents and Jesus remain the only ones who can do this, then how can the Kingdom of God be established? Certainly not with a love that is not unconditional.

We may think we lose something by being unconditional. However, the opposite is true. Being unconditional in giving and loving is the highway to big blessings, to deep satisfaction and happiness. It is the way to revolutionize ourselves and the world in God's ways:

True Father: "As soon as you try to love people, the energy of God automatically comes to you, making you a powerful individual." [4]

True Father: "With the love of God, the more you give, the more you receive. You become a giant. The more you give the more you receive, not only from God but also from people; your one investment derives benefit from both ends." [5]

True Father: "That is why a person who owns love can own the universe. Happiness overflows in the person who has love. That person can achieve success in every area of life. On the other hand, no matter how seemingly great your life, if you cannot become a victor in the arena of love, you will end up a loser." [6]
