

True Father: Before God hits the power of evil, we must accomplish the desire of God

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father, True Mother and Heung Jin Nim:

Heung Jin Nim: "You people who know about the True Parents, instead of being complacent and comfortable, you have to change, you have to become beautiful people of love, who can be like a magnet to draw people to the Messiah....Please change your attitude! Please change! Please become people of deep love, the love of Jesus, the love of True Parents!" [1]

Knowing about True Parents is certainly not enough. Knowing the Divine Principle is not enough, either. It is not what we know that is making the real difference, it is what we BECOME:

Heung Jin Nim: "Never forget that. It is not what you know that's going to change this world, it's what you can become as a man and a woman following our True Parents....They want you to inherit their very heart....but many of you have not reached your own hearts yet..." [2]

God and True Parents want us to inherit their very heart, their level of love, their quality of love. The more we work on that, the more impact will we have on the providence. Because if we do what God desires, He can bring about big changes:

True Father: "Before God hits the power of evil, we must accomplish the desire of God." [3]

The question is what the desire of God is. True Father makes it clear:

True Father: "Living in the image of God means having God's words becoming your words and God's love become your love. That is your first goal." [4]

That means that God's desire is that we become embodiments of God's love. just as True Parents are. And as Jesus is. That is what we have to strive for, on a daily basis:

True Father: "You must make daily efforts and struggle to overcome the limitations of your heart. That is what we are here for ... what we are doing is as permanent as a rock." [5]

Only by broadening and deepening our heart, breaking down all limitations we have there, can we become God's embodiment, the substantial God. Only then can we demonstrate the highest standard of love which certainly is God's greatest desire:

True Father: "The mission of restored man [woman] is to demonstrate a higher quality of love than ever existed in the satanic world." [6]

The mission of restored man/woman is to love the way God does, and that means to love, respect, embrace and forgive even those who are hostile to us, offending and hurting us:

True Mother: "Love is not just loving somebody who is easy to love, but enduring, forgiving, and embracing people in order to fulfill the providence. Father is now showing us this kind of love."

True Parents have always shown us and are still showing us this kind of love:

True Father: "The True Father and True Mother have committed their lives for the sake of their mission, for embracing the enemy world." [7]

They did so because they know the greatest human rule, and they practiced and practice it all the time:

True Father: "The greatest human rule is, "Love your enemy!". [8]

Why is this the greatest rule? Because of the following:

True Father: "The true dispensation cannot appear on earth unless an individual, family, tribe and nation can practise the principle of loving their enemy. Until such a nation appears, you cannot talk about the Kingdom of God on earth." [9]

Only that kind of love, love for the enemy, can really revolutionize this world. Nothing else will do, no matter how hard we try. It will not bring about the ideal world. And only if we inherit that kind of heart and love from God and True Parents, can we talk about oneness with them. Only then can we really understand their heart:

True Father: "Your gradient of influence and power is based on how much you are growing. Ultimately you will become like the original center, like a sun which generates energy rather than the moon which reflects energy. By practicing this you can come to fully understand my situation and God's loving heart. Only then can we have oneness and common pride between us. There is only one main stream, and it is connected to this way of life." [5]

God wants all of us to belong to the main stream, which means we need to strive day and night to inherit God's heart and love, the love of the highest quality, loving everyone in the world, good and evil alike, without asking for any return.

If we do this, then we are establishing the tradition of love, the world of the heart, and God will be extremely inspired and excited:

True Father: "Only one promise can inspire God: "I have decided to be a sacrifice in order to establish the TRADITION OF YOUR LOVE. I have been trying to live for others. All I want to do is continue living this way." Then God will reply: "Oh, I understand you well. You have accomplished the principles of loyalty, filial piety and fidelity." Otherwise you have no true pride before God, even though you work hard witnessing and fundraising." [10]
