

True Father: You are a tower of strength, the visible form of God's love!

Anyonghaseyo, dear brothers and sisters!

Here again some inspiration, based on the words of True Father, Sun Jin Nim and Heung Jin Nim:

True Father: "You should not represent me in name only, but in responsibility and heart." [1]

To truly represent True Parents, our heart and love needs to be on their level. In the same way, to represent God, we need to be able to love the way God does:

True Father: "I have to love everyone, the good and the bad. Unless I love everyone, I cannot represent God." [2]

And that means, that we, in order to represent God and True Parents, have to love everyone, the "good and the bad", as well. We have to have the heart of God in ourselves. Then God and True Parents can be shown to the world, through the level of our own heart and love:

True Father: "Each of you should be an individual through whom the True Parents are shown to others." [3]

And only then the world will be liberated:

True Father: "Liberation comes to our world only when you members truly represent God and the True Parents to the rest of the world. When people in the secular world come into contact with you, they are actually contacting the True Parents and God; thus salvation can come to them. Their original minds, like antennae, are pulled toward you." [4]

That happens if we truly, not just in name, represent God and True Parents. Then the people will meet God and True Parents through us, through our heart. We will then be the visible form of God's love:

True Father: "You must be dignified men and women standing as the backbone of God's love. You are a tower of strength, the visible form of God's love. As you achieve this nothing can deter you." [5]

To get there is our first goal, our first responsibility:

True Father: "Living in the image of God means having God's words becoming your words and God's love become your love. That is your first goal." [6]

True Father: "God does not make an individual perfect. You must complete your responsibility to achieve

perfection." [7]

How do we get there? By realizing that becoming a person in the image of God is our highest goal. Nothing is more important and valuable. Next is to focus on BECOMING such a person:

Sun Jin Nim: "By making true love the purpose, focus, and the core of our lives, it will be the source of endless blessings and it will become the wellspring and source of honor, success, resilience, creativity, harmony and dignity." [8]

By focusing on true love we make love blossom:

True Father: "We are called to make love blossom. Love is the foundation of happiness for all people. That is why if we open the world of true love, everything else we want is guaranteed." [9]

In order for us to be able to make our love blossom, God guides us into situations where our hearts will be stretched to the limits, even beyond. Those situations are the ones where we need to keep the focus on loving the way God does, embracing good and bad alike. If we manage that, then we rise to higher levels, breaking down limitations of heart.

If we do not manage it this time, then we need to try again next time, in a similar situation. We can make it our goal to next time not be defeated by fallen nature again, but to make the victory of love, pushing the fallen nature out and replacing it with divine love:

Heung Jin Nim: "Most of us are not used to measuring how we're growing and changing. So you have to set goals for your spiritual life."

Making such inner goals can help us to stay focused, so that we gradually broaden and deepen our heart. These inner goals related to love and heart are much more important than any external goals. Indeed, reaching these inner goals will definitely help us to reach external goals as well.

Heung Jin Nim wants to help us with becoming people in the image of God:

Heung Jin Nim: "By being with me and by opening up to me not only will you receive words in your mind but your heart will begin to change." [10]

Heung Jin Nim: "... you have to really walk with me, feel me and let me come inside of you and be a part of you. And then look at the people through my eyes, feel the people through my heart and then even I won't be there, you will still feel like you were feeling through my heart, still feel as seeing everything through my eyes and then you know that I fulfilled my mission and you'll be really grateful because you will have reached this level of love and you'll be so inspired." [10]

We need to invite True Father, Heung Jin Nim and Jesus into our heart and life all the time. That is extremely important because they can teach us love and guide us from one victory of heart to the next. They can guide us deep into the realm of heart, more than any words can do.

One day we might look back and wonder how we could manage to overcome this and that internal barrier, which always seemed unbreakable. And then we will come to the conclusion, that it was not only our own effort, but also the help from True Father, Heung Jin Nim and Jesus, directly from the spiritual world. They are so eager to get us to the point that we reach our eternal destiny:

True Father: "The entire world and universe should be eternally filled with God's love. Each individual is a carrier of that love, sprinkling it at higher and higher levels. This is your eternal destiny." [11]

It is our eternal destiny, our first responsibility, our first goal, and most of all, the biggest blessing that God has given to humanity.
